Teachers Taking Over? No, Says Top Official

The implication that a group of dissident teachers are seeking to "take over" the Diablo Valley College campus was emphatically denied this week by William Kretzmer, president of the Contra Costa Junior College governing board.

The statement against the teachers was made last week by O. H. Wohlgemuth, former board member, who added that the present controversy over Superintendent Drummond McCunn is the fault of the teachers.

Kretzmer told The Sun, "The idea that the teachers want to take over either college campus is without any foundation of any kind.

"Such a statement made by anyone would be a base absurdity, a delusion for the public," Kretzmer added.

Wohlgemuth's statements were made to another Walnut Creek weekly newspaper and the statements were reprinted for wide distribution.

Wohlgemuth also strongly criticized Karl Drexel, Diablo Valley College director, in the article.

Wohlgemuth said Drexel was "not in command of the situation" at the college and the board last summer continued him for another year only on condition that matters improve.

Kretzmer told The Sun: "I have been on the board for three years and have never heard any evidence of any kind that the director of the college (Drexel) has been doing anything other than an excellent job.

"Drexel has the confidence of the students, and is well liked by all who know him," said Kretzmer.

"Furthermore, the director serves at the pleasure of the board, and our continuance of his contract for one year was routine, and without any strings attached," Kretzmer added.

Superintendent McCunn's statements that the board-authorized study will at first be taken up by a group composed entirely of administrators was also refuted by Kretzmer.

The study group, a subsidiary of the Personnel Standards Commission, will have administrators, also school board members, teachers and others, said Kretzmer.

"Remember, I was reluctant to vote in favor of the study until I had made sure that all sides were represented on the study group, and this means I did not want all teachers on the group either," said Kretzmer.

Kretzmer objected to the public discussion by Wohlgemuth of matters taken up in executive sessions, and added that the other newspaper troubled to interview Wohlgemuth, but no other board members.

"These were confidential matters and should not be revealed even after a trustee leaves the district because such statements weaken the confidence of district employees who testify in executive session. They become afraid that their words used in private session will become public."

Kretzmer continued, "It is my belief that Mr. Wohlgemuth's memory is faulty and he is not up to date on the current situation since he left the board last July."

Pressure by the district teachers did not bring about the demise of the communism lecture series of last year, said Kretzmer.

"There was no suggestion by the administration that the series be repeated this year," said Kretzmer.

Kretzmer said he believes that Wohlgemuth should make his comments adverse to the junior college district directly to the board.

'Gas War' Feared-- Prices Drop to 30.9 Per Gallon

Gasoline prices at all major service stations in the mid-county area dropped one cent per gallon this week—from 31.9 to 30.9 for regular—with further cuts expected.

Owner of the stations surveyed throughout the Walnut Creek, Orinda, Pleasant Hill area feared that another "gas war" was imminent.

Some independent stations reported a second drop this week, with regular gas selling for 29.9 per gallon. This is a two-cent drop from usual prices.

Richmond prices gave local station owners no comfort, as independents there dropped their per-gallon price to 26.9.

G & L Investment Request Will Be Heard March 6

Decision on the request for rezoning of 365 acres from general agricultural district to single family residential was postponed to March 6 at a closed hearing Tuesday by the Contra Costa County Planning Commission.

G & L Investment Corporation is seeking to have the 365-acre parcel rezoned in order that they may build homes of $40,000 to $60,000 value on lots from 20,000 square feet to 40,000 square feet.

Located at the northeasterly end of Lombardy Lane, the property extends east to Happy Valley Road. Originally the rezoning request came before the county planning commission January 2.

THIS HEARING was closed and deferred until February 6 which both the proponents and after a lengthy discussion in which both the proponents and those in opposition to the proposed development expressed their views before the planning commission.

Plans for the development were presented January 3 and Frank Draeger, engineer representing the applicant, said the building would proceed over an eight to 10-year period. He added a new sewer line would be installed and that school sites have been made available.

Acalanes Union High School trustees had requested a site for a new high school although the entire subdivision is in the Alhambra Union High School District which has not been heard from by the commission, according to Russ Griffith, principal planner.

A REPORT presented January 3 from the county flood control district indicated there would be no flooding problem in the proposed development.

Members of the county planning staff took a field trip to the area January 19.

Representatives of three Orinda civic organizations voiced their objection to the development at the January 3 meeting. Since that time other Orinda residents have added their written objections to the original three which have also reaffirmed their stand at subsequent meetings.

Percy Dawson, representing the Sleepy Hollow Improvement Association, said his group had no objection to lot sizes, but feared access roads to the property would be inadequate and present a hazard to the residents of Sleepy Hollow.

ERIC NIELSEN, president of the Orinda Association, questioned the service areas of the applicant, indicating that both schools and fire protection could be problems.

The proposed development was discussed at two meetings of the Orinda Union School District trustees, who have determined the district could be forced to accept the area within its district if the future residents presented a hardship petition to the county.

The Happy Valley Improvement Association has also gone on record as opposing the proposed development, based on traffic problems which could arise unless other accesses are designed.

Terror Climaxes Square Dance; Pair Kidnaped

Terror climaxed a pleasant evening of square dancing for Mr. and Mrs. Phillip Springman of 676 Doreen Way, Lafayette, when three youngsters kidnaped the pair at gunpoint Monday night.

Among the last to leave a square dance at Stanley School in Lafayette, the Springmans were approaching their car in the school parking lot when the youngsters sprang from behind some bushes, the smaller of the trio aiming a pistol at the couple.

"Get in the car," he said. "We mean business, we've killed three people already." Springman got behind the wheel, with his wife beside him. The tallest of the youngsters sat beside her. The two others, one holding the gun on the Springmans, got in the back.

SPRINGMAN drove north on Highway 24, pleading with the youngsters to let his wife out of the car so she could go home and care for their four children.

Mrs. Springman was released at the Pleasant Hill interchange of the freeway. Later she said, "I didn't want to leave, but Phil gave me a push and the next thing I knew I was running along the road."

She ran into a supermarket and called her babysitter to call a friend nearby who is a Berkeley police officer. Meanwhile she met another officer at the market who was in plain clothes. He advised her to call police.

"I didn't really want to at first," Mrs. Springman said. "I could only see in my mind's eye Phil's body lying beside a road, riddled with bullets."

NEARLY incoherent with fright, Mrs. Springman managed to give police a description of the car and the license number. An all-points radio bulletin was immediately put on the air.

Luck entered the Springmans' nightmare when two attendants in a Concord Ambulance Service ambulance heard the broadcast, checked the car in front of them and discovered it was the kidnap auto.

Driver Don Riddeck radioed in the location and the chase was on. Before the wild ride was over, five sheriff's cars, five CHP cars and three Concord police cars were screaming after the Springman car.

Near the intersection of Highways 4 and 24, four miles west of Pittsburg, two CHP cars and a sheriff's car succeeded in boxing the car with the kidnapers and their hostage.

ONE CAR pulled in front, one at the side and one at the rear, forcing the Springman car to a halt. Enraged at this turn of events, the younger of the three kidnapers fired a shot out the back window that barely missed Springman and the driver of a CHP car.

Henry Curtis, driver of the car, said the bullet would have hit him if he had been four inches higher in his seat. Later the boy said he was firing at the ground.

"It was all over about 20 minutes after I left my wife about 10:30 p.m. in Lafayette," Springman said. "That was the finest cooperation between the CHP, police and sheriff I can imagine, they were wonderful."

Identified as Robert F. Evangelista, 13, San Lorenzo, Jeff Barnes, 15 and John Corey, 14, cousins, both from Oakland, the boys had run away from their homes two days before.

They said they ransacked their own homes and the house of Evangelista's grandfather. The gun was taken from Barnes' house and $140 from Corey's residence.

ACCORDING to the youngsters, they rode a bus around Oakland and cut up some seats. When a driver told them to stop near Oak Knoll Hospital, they pulled a gun and a knife on him.

They discussed robbing the driver, but decided against it and left the bus. They walked through the Berkeley hills during the night, coming to Orinda. They continued walking until they reached Stanley School late Monday.

Lt. Norman Wilson, head of the sheriff's juvenile division, said there was no indication the youths had really killed three people as they said, but had merely wanted to scare their victims.

He added the boys would probably be made wards of the Superior Court and be sent back to Alameda County. They have been charged with kidnap and assault with a deadly weapon.

Springman, father of four children, is a Piedmont pharmacist. He said except for the orders issued, the boys were silent throughout. They had intended to force Springman to drive them to Oregon.

Smoke Now, and Deduct Later! New Policy!

Smoke, smoke smoke that cigarette!

It may not be good for your health, but it does have its tax benefits!

You may not have been aware of it, but you can write off the state tax on cigarettes on your federal income tax deduction.

And that amounts to a three-cents-per-pack deduction.

But, according to the revised policy announced by Joseph Cullen, district director of internal revenue, the deduction on the 1961 return can only apply to cigarettes purchased since September 15.

Thus, for pack-a-day smokers, the deduction would total $10.95 on a full-year basis.

And if you have to prove to the revenue boys that you really smoke that much, you can always take your smoker's hack with you if they question the return.

Immunization Clinic Friday

Those 13 years of age and under must be accompanied by a parent or guardian and those 14 to 21 must have a Health Department consent form signed by a parent or guardian. For information about the clinic, phone YE 5-6000, Ext. 203.

Young Men Helping John Muir Hospital Campaign

Nineteen young men of Diablo Valley Active 20-30 International are trying by Thursday to complete soliciting of business firms in Alamo, Danville, Lafayette and Walnut Creek for contributions to the building of John Muir Memorial Hospital.

In the short time that is left, during their own off-work hours, they are making every effort to see as many business owners as possible on evenings when stores are open, according to Michael Jones, 20-30 president.

"The important thing is to get the pledges in on time . . . no later than Thursday . . . to qualify for the Hill-Burton grant," said Jones.

Tax deductible pledges made to John Muir Memorial Hospital need not be paid in full until December 30, 1963, and payments can be scheduled at donors' convenience. "But they must be received at the hospital office by February 15," said Jones.

Jones described the non-profit community hospital project, which is worth over $4,000,000, as a rare one in which "A relatively small local investment has a very great impact in the future of this area."

Accidental Shot Kills Boy, Eight

What was to have been a happy rabbit hunting excursion in a meadow near their Orinda homes ended Saturday in tragedy for two of three playmates.

Eight-year-old William L. Cook, Jr., is dead. He was accidentally shot by his best pal, Bruce Calderwood, 13, sheriff's deputies said.

According to sheriff's deputies, the two boys and Bruce's brother James, 14, were playing in a pasture about a half mile from the Calderwood home at 49 Dolores Way.

James had climbed a tree and the victim was standing midway between him and Bruce. Bruce told deputies that one of the boys called him. As he swung around, the shotgun went off, hitting William at a distance of 25 feet. He was dead on arrival at Kaiser Foundation Hospital in Walnut Creek of shotgun wounds in the upper body.

Neil Calderwood, Bruce's father, told deputies the boys had taken his gun without permission. Following the accident both Bruce and the victim's parents, Mr. and Mrs. William L. Cook of 39 Donna Maria Way, were placed under sedation.

The boys said they obtained the shotgun shells from a sporting goods store in Orinda.

Democratic Club Elects Burchell

James V. Burchell of 27 Warford Terrace has been elected president of the Orinda-Moraga Democratic Club for 1962, succeeding Richard Bartle.

Officers elected to serve with Burchell are: Arthur Pennebaker, vice president; Mrs. Carl Weber, corresponding secretary; Mrs. Robert Hill, recording secretary, and Charles Wagner, treasurer.

BURCHELL is an attorney with the San Francisco firm of Hanna & Brophy, specializing in trial practice, and has been an Orinda resident since 1958. He was vice president of the club in 1961, editor of the "Orinda Democrat," and Orinda chairman of the America Civil Liberties Union.

The new president announced his major objective as club president would be to broaden support for Democratic candidates, aims, and polices among the ever-increasing number of Democrats in the Orinda-Moraga area.

The Democratic Club should serve both as the principal grass-roots political organization in the area and as the basis for developing wider and more thorough understanding of current political issues, according to Burchell.

THE ORINDA-Moraga club is sponsoring a public meeting and champagne reception on February 16 with Attorney General Stanley Mosk as special guest. Burchell extends a special invitation to Democrats wishing to join the club to attend the meeting, 8 p.m. at Inland Valley School, and the reception immediately following at Oak Springs Clubhouse.

A delegation from Orinda-Moraga will attend the biennial Contra Costa County Democratic endorsing convention in Martinez on March 3.

Artists Enter 14th Year

The Diablo Art Association, the fountainhead of artistic efforts in the Walnut Creek area, is entering its fourteenth year of operation, according to Harry Coffin, association president.

The association was founded in 1949 with 15 members, now more than 200 members and newcomers "interested in art" are welcome, Coffin said.

"The association is a non-profit corporation devoted to increasing the skill, expanding the understanding and stimulating the appreciation of art in all its forms, to the end that an enriched community will result," said Coffin.

REGARDING new members, Coffin said, "You may never have picked up a pencil, brush or art implement, but all you need is the interest and desire to learn.

"Many of our members started this way and found encouragement to start painting and working with other forms of art.

"They became inspired by the demonstrations and lectures given at the monthly meetings and by other members.

"They joined one or more of the art classes in the area, many of which are co-sponsored by the association," said Coffin.

"FROM THERE they may venture to enter an art show. They see their work along side others, and back to work they go, to work even harder to improve.

"They may begin to enter other shows. After many attempts they are accepted in a juried show. Later they may win a prize or sell a painting," Coffin said.

Association members usually meet each fourth Monday at the Contra Costa Real Estate Board Building on Locust Street, Walnut Creek.

However, this month a pot-luck dinner for members will instead be held February 23 at 6:30 p.m., when a preview of "LaFrantics" will be shown.

THE NEXT regular meeting will be held March 19 at the Walnut Creek Recreation Center, and the May meeting will also be held at the recreation center before the association returns to the real estate board building.

The association's two big events of the year are the Spring Art Show held at the end of May in the Walnut Creek Recreation Center, and the participation in the Walnut Festival Art Show.

The association also co-sponsors adult art classes at Diablo Valley College, contributed to the founding of the Valley Art Center, helped finance the studies of artist Louis Gutierrez in Mexico, and in 1956 started the Diablo Pageant of Arts, in place of the Spring Art Show.

The association sponsored the pageant for three years, and then returned to its own art show, leaving the pageant to continue its own program.

The association has placed exhibits in stores and libraries, holds a painting-of-the-month contest, works with service groups and charities, holds art shows in other cities, said Coffin.

Fifth Grade Cell Study Unit Trial Called Success

"Remarkably interested, highly motivated, and learning with great enthusiasm," were the descriptive notes made by Raymond Ferro as he reported results of his 5th grade students' study of the cell.

Dr. Robert Karplus, physicist at the University of California, was instrumental in obtaining a recently developed cell study unit prepared by Dr. Charles Walcott, department of applied physics and engineering, Harvard University, for trial in Orinda Union School District.

"Students are learning to use microscopes in a truly scientific manner," commented Ferro. In discussing the nature of the study and its goals, Glenn McNicholas, assistant superintendent for instruction for the district, states that more important than the units subject matter, students are gaining competency in making observation of natural phenomena.

Ferro's class has the advantage of observing cell structure on microscopic slides prepared by themselves. Recently the young microscopists have been staining sections of onion tissue. Aside from the aroma, the teacher was happy to report a successful classroom situation.

This investigation brought about understandings of the inner cell structures so that students were able to interpret the various cell components.

The Orinda district science consultant, Mario Menesini, looks forward to using the cell study at other schools in the district. He praised the district for implementing this study with the necessary material and equipment.

Don Jones Photos to be Featured in Nat'l Mag.

When the Saturday Evening Post hits the newsstands Tuesday, it will hold special interest to people in Orinda.

Don W. Jones, photographer of 6 El Nido Court, will have a seven-page picture spread in the magazine, dateline February 17.

Jones photographed the Frank Beardsley family September 8 at the time of Beardsley's marriage to a widow with eight children. Beardsley was a widower with 10 children.

Jones said he originally had the idea of photographing the family at the time of the wedding from a news clipping. "Then it occurred to me it would be interesting to see what the couple did with 18 children, so I took some more photographs about two months after their marriage," he commented.

How the family managed will be displayed in a record (for The Post) seven-page black and white photo layout.

Jones has lived in Orinda for nearly five years, coming here from Oakland. He told The Sun that he first became interested in photography as a profession when attending the University of Oregon.

After college, he began to devote full time to photography. He said 60 per cent of his work is for magazines and advertising.

Jones and his wife, Shirley, have three children: Randy, eight, who attends Del Rey School; Kristi, three, and Jeff who is almost two.

'Institute' Helps Foreign Student Get Adjusted

Suzanne Troxell, western field representative for the Institute of International Education, will speak to the International Students Council of Contra Costa County, Wednesday.

The program will be held in the student lounge at Diablo Valley College at 8 p.m. It is open to the public. Refreshments will be served.

Miss Troxell will discuss ways in which local communities can assist the foreign student in meeting problems in this country.

AS DIRECT supervisor of students enrolled under the program, Miss Troxell annually visits more than 40 colleges and universities in the western states.

She assists in setting up orientation and counselling programs for foreign students, interviews American students interested in studying abroad, and works with community organizations to further hospitality activities.

Her work has taken her to 14 countries in Europe and Asia, and she has a working knowledge of many languages.

The county International Students Council was recently organized to coordinate community efforts in behalf of the 200 foreign students studying in this county.

YANK Marcus, president, said, "Friendship and understanding on the part of the entire community are needed to give these visitors from abroad a sense of participation in American life.

"Their education is not confined to the campus. In addition to extending hospitality, we can assist them in finding summer and part-time jobs, in securing health services and housing, and in meeting other special problems.

"Among these students there may be future leaders of other nations," said Marcus.

"It is important that they return to their homes with a favorable impression of the American way of life. Friendly relations between our citizens and these people may have a real bearing on future foreign relations," he said.

The executive committee includes Marcus, Dr. Jane Castellanos and Mr. Verle C. Henstrand, school liaison representatives; Mrs. Deirde G. Katz, secretary; Mrs. Rose Machado, treasurer, also Mrs. Robert Cahill, Mrs. Alan Goodban, Mrs. J. B. Herod, Mrs. Dorothy Lott, Mrs. Stella Lundeberg, Mr. and Mrs. Claude E. Main, Ruth W. Marcus, Lucy P. Martyn, E. H. Metzgar, H. W. Staffelbach, Mrs. Marian Tickner, Charles R. Weidner and Mrs. Diane Weidner.

Membership in the council is now open to individuals and organizations. Information may be obtained by writing to P. O. Box No. 217, Pleasant Hill, or by calling Mrs. Katz.

His subject: "Publishing Good Books for Children."

Which brings to mind, one in particular. A little jewel for the jeune fry who like French. It's called "There Is A Dragon Under My Bed" & includes this as well as other more useful phrases.

If you have a French Poodle like the Maynard Buehlers, try "How To Live With A Neurotic Dog." The Buehlers' dog is one of the most Unforgettable Characters I've ever Met . . . but then we haven't formally. He's tres aloof, has little to do w/human beings let alone other DOGS!! Think what Walt Disney could do w/him & the Right Story!

THIS CRAZY Mixed-Up Weather . . . A cozy comforter of fog laying Suburbia down to sleep . . . One gorgeous Sunny Day here in Orinda you couldn't see two inches in front of you in Lafayette & the freeway cars were playing Blindman's buff . . .

ANTI-FREEZERS—Al & Cliff, the Shell Station fellers, colored the local scene in their cold-spell clothes—mittens, earmuffs, woolen skating caps & long knit scarves . . . The next day we were shedding our coats & Dentist George Kerrigan turned up in the store aisles boasting a healthy sun-burn from a day of sailing his boat on the bay.

ONE DAY the ladies were shopping in their ski parkas & stretch pants & the next day, Harriet Ainsworth & dghter. Adeline were wearing shorts on the Country Club tennis courts . .

IT LOOKED like an old time Downtown Dollar Day (Remember?) up at Santa Maria last Tuesday when RUMMAGE '62 threw open its doors for its big sale, which continues daily, Tues-Sat, 10-3:30 . . . At one point it looked like Gimbel's Basement, & the ladies lined up at the Cashier's totaled twenty-plus.

ONE HUSBAND did a double-take at the rummage load in his wife's arm as she headed for the parish hall after church to drop off her contribution . . . "HEY! I'M NOT THROUGH with THOSE clothes, yet!" (He managed to retrieve some of them!)

Another lady wondered why the pretty white hat in the pew in front of her looked so familiar. It was a hat she'd given TWO years ago to the Rummage. Even the kids get it in on the fun & you should hear the references around the home front to "my rummage-sale sweater" . . . or "my rummage-sale blouse" . . .

THE YOUNGER GENERATION: Bill Lee & Tom Gilmore having a good guffaw over a greeting card (or Valentine) at Orinda Pharm . . . Hope it's an untrumor that Wright's Village Pharm had to shut down early one afternoon because of bad & unruly behavior on the part of the young people to whom he is Too Kind & Nice! Ever try to get near the fountain after three?

AN EAGLE COURT of Honor last night at Sleepy Hollow School for Doug Fastabend & Richard Roos, both Miramonte Freshmen! Carol Pearson & Lance Chilton got their just Just Rewards for ALL-A report cards . . . To Each His Own five-pound box of candy at Edy's . . .

Hats off to the boys of Scout Troop 200 for the special Boy Scout Week exhibit in the window at Realtor Marian Pittman's—Rockets, missiles, space ship models abound pointing up that many of the astronauts were former Scouts . . . Larry Costa assisted the boys in their fine exhibit.

INSPECTION of a new computer purchased for his department is made by County Auditor Howard McNamer and an assistant. Needed, said McNamer, are people who know how to give orders to the machine.

It Thinks Fast

The IBM 1401 computer, purchased by the county, can print the equivalent of three pages of Webster's dictionary in one minute, and can read 120 pages of the same dictionary in 60 seconds, using magnetic tape.

Howard McNamer, county auditor-controller, said the computer, to be installed in his department, needs living men capable of "programming" its efforts.

"The machine can store 12 million alpha or numeric letters on one reel of tape the size of a dinner plate," he said.

"More than four filing cabinets would normally be required to store this quantity of material," he said.

"Improved services will include the preparation of tax bills in 45 hours instead of 200.

"Home assessment values can be brought up-to-date in eight hours instead of 120.

"These plus many other services and improvements will result in considerable savings to the taxpayer," said McNamer.

Three additional programmers are needed to make this expanded operation complete, said McNamer.

The salary is $584 - $710 per month plus fringe benefits. Requirements call for one year of programming and three years of data processing experience, or two years of programming and one year of data processing experience.

Interested persons may write or stop by the Civil Service Commission, Room 229, Hall of Records, Martinez, or phone.

Applications must be submitted by next Friday.

The installation of this computer system will be completed in June or July. It was authorized by the board of supervisors on the recommendation by McNamer and J. P. McBrien, county administrator.

Pay Hikes Allowed Top County Administrators

Substantial salary increases have been granted to five top-level county employees by the Board of Supervisors, but a suggestion for a $50 across-the-board pay increase for some 2400 employees may have tough sledding.

The increases granted by supervisors include the following:

Sheriff, $12,600 to $18,500, eliminating the sheriff's collection and keeping of a percentage of filing fees and expenses for serving papers.

Assessor, $14,000 to $17,250; clerk-recorder, $14,000 to $17,250; coroner-public administrator, $12,180 to $13,500; treasurer-tax collector, $12,600 to $15,000.

There was some controversy among the supervisors over Clerk Walter Paasch's salary, since the County Taxpayers' Association had recommended a raise to $16,000.

The supervisors voted to raise it to $16,000, but later voted again to make it $17,250. Supervisor Edmund Linscheid made the motion for the $16,000, and dissented from the raise to $17,250.

The proposal by the Contra Costa County Employees Association Local 251 for a $50 across-the-board increase has drawn criticism from County Administrator J. P. McBrien and F. E. Emery, head of the civil service department.

McBrien said he believes each county job should be paid in relation to similar positions in other jurisdictions, with some weight given to pay scales in private industry.

Emery said the across-the-board increase breaks down the 5 per cent differential between wage levels in county service.

THE SILVER CORD. Sydney Howard's play about a mother's possessive love for her two grown sons, will open February 9 at the Lafayette Town Hall. Sharing a tender moment in the forthcoming presentation by the Dramateurs are stars Vicki West and Ray Howard. For reservations call CL 4-5241 days and CL 4-4419 evenings. Arthur Odell photo.

New St. Mary's President Named; Will Head Administration Only

Appointment of Brother Timothy Michael, F.S.C., 39, as president of Saint Mary's College was announced this week to the executive committee of the board of trustees by Brother T. Jerome, F.S.C., provincial and chairman of the Trustees Committee.

Th appointment fills the vacancy left by Brother S. Albert, F.S.C., who was killed in an automobile accident last week along with two St. Mary's teachers.

Brother Michael, since receiving his Ph.D. in clinical psychology from Loyola University, Chicago, 1960, has been a member of the Saint Mary's College psychology department.

In addition to his teaching duties, Brother Michael has been a resident student advisor and in charge of testing and screening of candidates to the West Coast Province of the Christian Brothers.

The 39-year-old president graduated from St. Anthony's High School, Long Beach, California, in 1940. His father, and a brother, live in that city.

BROTHER MICHAEL attended Saint Mary's College two years before entering the Christion Brothers.

After receiving the habit of the Brothers in 1942, he returned to the college and graduated with a degree in English in 1945.

From 1945 to 1948 Brother Michael taught English at Cathedral High School, Los Angeles.

He served as principal of Mont La Salle High School, Napa, until 1954.

Following a year of study at L'Institute Catholique in Paris and at the Motherhouse of the Christian Brothers in Rome in 1954, Brother Michael returned to Saint Mary's as an instructor in English and World Classics for one year prior to his advanced study in psychology.

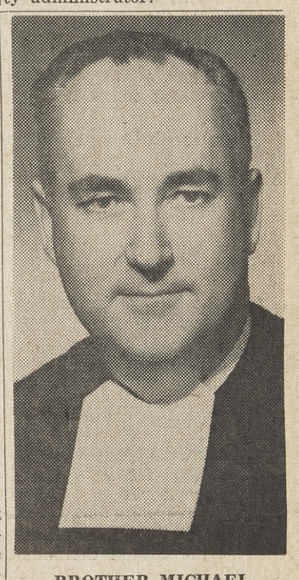
In making the announcement of the appointment to the trustees committee, Brother Jerome pointed out that the college administration had been under study for some time.

UNDER CANON Law, Brother S. Albert's tenure of office as president of the college and supervisor of the religious community would have ended automatically June 30.

Brother Jerome stated, "The rapid academic advances and the increased enrollment under Brother Albert's administration has increased the administrative burdens of the president. With the approach of the college centennial in 1963 and a major building program now in the planning stage, the office of president has been separated from that of superior of the religious community."

"Henceforth the president of Saint Mary's will be charged with educational and administrative policy only. Brother S. Dominic, F.S.C., associate dean and chairman of the school of liberal arts, has been appointed the pro-tem religious superior of the faculty of Christian Brothers. All other administrative posts remain unchanged."

With the separation of duties the tenure of the president will no longer be limited to two terms of three years each.



BROTHER MICHAEL

Sun Travel Night Smash Success: Fun for All!

Sylvia Earle, noted world traveler, gave an interesting talk and emphasized the values to be held by joining The Sun Jubilee Tour of Europe which will leave June 14.

"I have traveled to Europe countless times," she said, "but those of you who join The Sun this summer will visit places and see things that I have not been able to see.'"

The second Sun Travel Night, held last Thursday at Acalanes High School, was a full-up success . . . and lots of fun, too.

SHE ALSO showed some exciting films depicting the highlights of some of the cities which will be included in The Sun's itinerary.

The full-house was enthusiastic about The Sun travel night and asked many questions after the program, mostly concerned with "what do I wear," and "how do I get a passport?"

And, although the doors wern't locked, everybody stayed right through the end of the program.

OVER 30 people have signed up to join The Sun Jubilee Tour which covers nine countries for a cost of $1095 complete. The price includes everything except meals in London, Paris and Rome.

And if you think you might like to join the congenial Sun group, see your travel agent or call The Sun, 934-5000 or 284-4444.

High Speed Sends Six To Hospital

Two accidents last Sunday afternoon involving high speed and young drivers sent six mid-county persons to the hospital with minor injuries.

Both accidents occurred in the early afternoon. In both cases the cars overturned.

At 1:12 p.m. on San Miguel Road near Treat Lane, George E. Santos, 20, of 1373 Springbrook Road in Walnut Creek was driving at high speed, according to the CHP report. He failed to negotiate a curve, struck a curb and flipped over.

He and his passengers, Sammy Jackson, 20, of 120 Bridge Road, Pleasant Hill, and Sandra Clifton, 20, of Martinez, were taken to Concord Community Hospital, where they were treated for minor injuries.

AGAIN at 1:50 p.m., this time on Reliez Valley Road south of Withers Drive, William Fred Haase, 19, of 1744 Reliez Valley Road, Lafayette, was northbound at high speed when he lost control of his car on a right turn and rolled over.

He and one of his two passengers in the car, Donald Edward Mecchi, 18, of 3394 Angelo Street, Lafayete, were taken to Kaiser Hospital in Walnut Creek by ambulance. The other passenger, Ray Allen Farley Jr., 20, of 1515 El Sombre Street, Lafayete, was taken to Concord Community Hospital. A complaint was filed against Haase for driving at excessive speed.

MONDAY, Jeannette Lynn Clark, 16, of 31 Ada Court, Walnut Creek, was treated for minor injuries at Kaiser after the car her father, Chester A. Clark, 44, was driving was struck in the intersection of Oak Park and Patterson Boulevards, Pleasant Hill, by a vehicle driven by Wilma DiBetta, 47, of Martinez. No complaint was filed.

Tuesday a deputy sheriff, Earle Walker Clark of 3249 Caludia Street, Concord, suffered minor injuries when his auto was struck by one driven by Trusten P. Coats, 63, of 7 Via Farallon, Orinda, near the intersection of Moraga Road and Wilkinson Lane.

Coats said he did not realize that Clark's car was coming to a stop, according to a CHP report.

Realigning District Is Progressing

The committee to study realignment of county supervisorial districts has picked its chairmen, heard from County Administrator J. P. McBrien and riffled through a list of reading matter.

Robert Sharp of El Sobrante was chosen chairman at a meeting Monday, and John Garavanta of Concord is vice chairman.

Deadline by state law is July 23 for submitting a proposal for equalizing the five-county supervisorial districts' populations to the board.

The recommendations are only that, and the board to make them effective must vote unanimously or 4-1 in favor of any change. Previously such proposals failed on a 3-2 favorable vote.

The committee will receive census tract maps and figures to aid in determining how populations could be equalized.

The present boundaries have not been changed since they were established in 1884.

More than one solution can be recommended, the committeemen were told by Assistant District Attorney John Clausen.

AFS Students Return From Study Abroad

By JEAN JERNIGAN

Recently returned from Ahlen, Germany and Milan, Italy, Karen Olsen and Mike Eaton, Orinda's two AFS students, are filled with enthusiasm and both anticipating some day returning to the countries where they lived and studied during the past five months.

Karen lived in the country near the small town of Ahlen with the Wolfe Stratling family. She had two German sisters, and one brother, Wolfe-Heinrich, 22; Enrica, 20 and Gabriel, 17.

ATTENDING a private Catholic school with Gabriel, Karen studied English, German, math, physics, biology, history, geography, sports, music, religion and church, six days a week from 8 a.m. to 12:30 or 1:10 p.m.

Although a senior at Miramonte, Karen entered the 11th grade at Ahlen, as do most AFS students in order that language will not be too much of a hindrance.

"I found the work easy," Karen said. "The girls at this grade level did not have to think on their own. In the higher grades the girls had discussions, but in this grade it was mostly memorization, not thinking."

Karen added that the attitude of the class was very different towards the teachers than here. "The kids tried to get away with things, playing tricks, cheating, the kids against the teacher. They had no personal respect for the teacher. The parents were not upset, because they did it too, when they were in school," Karen continued.

After school Karen and her sister would study, walk, ice skate, or have friends drop in. "There wasn't dating there in the country," she commented. "The cities are Americanized in this respect, but we would go to parties in a group.

"ON FORMAL occasions the hostess would assign an escort to a girl, making sure there were interests in common. This is done to make sure the girl has a good time, but there is no pairing off, the escort does not have to stay with the girl, only be sure she is entertained."

Karen said she did not have a language problem as she had had two years of German at Miramonte. "After a week I got used to hearing German and could understand and in about a month I could think in German," she added.

After graduation, Karen hopes to attend the University of California at Santa Barbara where she plans to major in English and German. She hopes to be a secondary teacher.

That Karen's stay in Germany was successful is evident by her desire to apply in her junior year of college to once again study in Germany. Karen is the daughter of Mr. and Mrs. Harold T. Olsen of Dolores Way.

MIKE EATON lived with the Annible Ricotte family in Milan, Italy. The family had four sons, one in Texas. Those at home were Roberto, 19, a student at Polytechnical High School; Lucian, 16 and Paolo, 15. All attended different schools and Mike attended Scientific High School six days a week.

"One dressed more formally for school than here," Mike said, "we wore suits and ties, however, the classrooms were raucous and noisy and the teachers were not paid much respect.

"We learned more math concepts and had to study more after school than one does in high school. There was some basketball, physical education and some soccer, but we had little free time and didn't indulge much in sports," Mike recalled.

One thing that astonished Mike was the fact that older boys and college men spent a good deal of their free time reading comic books.

CHRISTMAS in Milan was a new experience for Mike who said it was a gay time but quite different. "There were fewer carols, Santa Claus was a minor thing with emphasis put on the Bambino, Jesus. Most homes and areas had Nativity scenes rather than trees. The children don't exchange gifts. The parents give one big gift to each child, the family waits till midnight, then there are toasts and opening of gifts," Mike remembered.

Although there was more formality in dress, Mike said that together youngsters were very much as they are here. There were rarely any late parties, and very little dating, most social events were group affairs.

Spending money came from the parents, Mike continued, with the youngsters depending on this source rather than odd jobs and chores such as boys perform here to earn extra cash.

Mike, who lived in the city, remarked that there were no suburbs. "The city ends," he said, "and immediately the country begins. The wealthier families live in the heart of the city, which is considered desirable, with the less affluent living nearer and nearer the outskirts of the city.

SCHOOL WORK, according to Mike, did not go too well for him until the last six weeks when he began to be able to think in Italian.

Mike, as did many other AFS students, felt the experience of living and studying abroad meant finding themselves. "For me it was an opportunity to become independent, to grow up."

Now studying at the University of California, Berkeley, Mike is interested in physical sciences, and like most of the AFS students, he hopes to return to Italy some day.

Court Now In Veterans Building

Municipal Court Judge Betsy FitzGerald Rahn is now holding court in the Walnut Creek Veterans Memorial Building, 1250 Locust Street, Walnut Creek.

The move from old quarters at Locust and East Streets was accomplished last weekend. The County Board of Supervisors accepted the work as completed by Sal Cola Contstruction Company. Cost was $71,000.

The main floor of the building was remodeled to provide accomodations for the court.

The total floor area of the remodeled spaces is 5767 square feet.

A 40 by 60 foot area has been provided for the court room.

The remaining area provides for a jury room, judge's chambers, court reporter's room, clerical office, constable's office, lobby, kitchen, rest rooms and storage area.

Complete air conditioning has been installed throughout the entire area.

The building is owned by the county but has been previously dedicated for use by the veteran's organizations of Walnut Creek.

It is through the joint cooperation of the veterans, the City of Walnut Creek, and the county that the joint occupancy of the building has been made possible, according to Supervisor Tom Coll.

The design was done by architect A. Meckenzie Cantin of Walnut Creek under the direction of Victor W. Sauer, county public works director.

Ordained and installed as deacons were J. Carl Ferguson and Donald Rogers from Orinda; Jeanne Christy, George Dibble, Gordon Goff, Gillette Houck, Kenneth Weaver, Evelyn Westlye and Ben Wisner from Lafayette.

Miss Blount Takes Aviation Training

Marine Private Anne P. Blount, daughter of Mr. and Mrs. J. Prescott Blount of Orinda, is a student at the two-week Aviation Familiarization School at the Naval Air Technical Training Center, Memphis, Tennessee.

Upon completion of this course she will enter a technical training school to prepare her for duties with the aviation branch of the U.S. Marine Corps.

Private Blount enlisted on September 28, 1961. She is a graduate of Miramonte High School and was formerly employed at Boever's Animal Hospital in Lafayette.

Campolindo Dean of Boys Is Teacher James Nelson

James Nelson has been named dean of boys at Campolindo High School, Acalanes Union High School District's new school under construction in the Rheem area.

Nelson, an Acalanes High counselor and social studies teacher, holds a master's degree and administrative credential and has served in the district for nine years as a teacher, counselor, department head and senior class advisor.

The board also appointed Dave Sweetman, Las Lomas industrial arts teacher and counselor, as coordinator of the district's summer career exploration program.

Sweetman, who has been with the district for the past seven years, will head the district's organized summer program of career exploration and work-experience which gives the students an opportunity to find out more about vocations that interest them by working at no pay in various kinds of relating employment.

Trustees also approved a policy in the district for teaching contemporary issues, and appointed board members William Lee and Glenn Allen, Jr., to represent the board in preliminary salary meetings with teacher organization representatives.

Both Lee and Allen are members of a continuing joint committee composed of teachers, administrators and trustees. The joint committee discusses problems of mutual concern among board, faculty and administration.

'Bravo!' to Light Opera Company for Brigadoon

By HELEN SCHARMER

Don't miss Brigadoon tonight at 8 p.m. at Las Lomas High School!

Last Saturday at the opening performance of this musical play there were those in the audience who suspected the cast was having as much fun as were the spectators.

Members of Diablo Light Opera Company of Walnut Creek took three curtain calls for a stand-out performance of the Lerner and Lowe production.

WORKING AGAINST odds — poor acoustics, a small stage and a restive audience (at first) —the cast turned in a creditably professional performance.

This group is composed of professional people, housewives and businessmen from the mid-county area. Many have had experience on stage and in television.

Tone for an evening of entertainment was set by the opening "Brigadoon" chorus. Solid work by singers and members of the orchestra rounded out their pleasant interpretation of a play which contains humor, pathos, tender love scenes, riotous dancing and tuneful music.

DANCING was superb. Especially impressive was the work of Walt Dehlinger as Archie Beaton in the intricate "Sword Dance and Reel," finale to Act I.

Dancers Teri Pemberton and Cheryl Christiansen gave vitality to many scenes in the two-act drama. Choreography was directed by Rhoda Klitsner who has danced in "Girl in Pink Tights," "Catch a Star" and "Gentlemen Prefer Blondes." Offstage Mrs. Klitsner takes care of a busy household and three children.

At least one scene, that of "The Chase," involving most of the men in the cast, pointed up the capable direction of Tom Lawrence, director, and emphasized the careful, creative design of the stage sets. Lighting and stage management were expertly handled.

THE ACCOMPANIMENT of orchestra to voice, always difficult, was well done under the direction of James Schwartz, formerly with the San Jose Symphony.

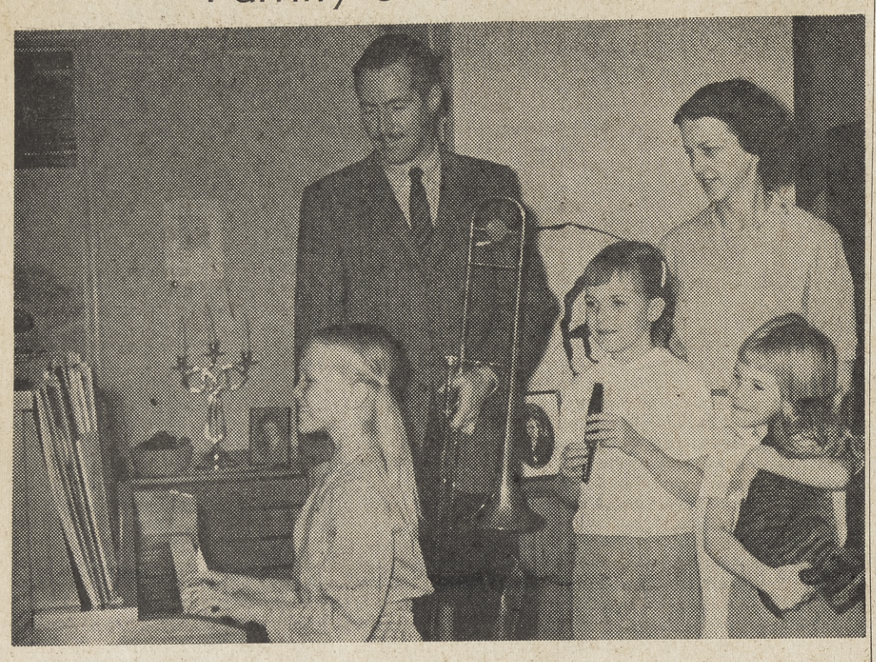
Family of the Week



THERE'S MUSIC in the air at the Lyman Lorenson home and the tune might well be a chorus of "Happy Birthday," since daughter Gudrun, at the piano, celebrates her tenth next week. On the flute is Ingrid, 8, and even Pussita, the cat, gets into the act in the arms of Gilda, aged 5. Lyman Lorenson, whose musical interests were "instrumental" in the newly-organized Friends of the Orchestra (at Miramonte), plays the trombone while wife Hilda sings a celebrative note. Lorenson, a chemist with Shell Development and a member of the American Chemical Society, is president of the Glorietta School Parents' Club, serves as social chairman for the Friends of the Orchestra. The family are all active at Orinda Community Church, where the girls sing in the children's choirs. For the native-born Icelander, Mrs. Lorenson, life centers around her home, family and church, but she takes time to do publicity chairman tasks for the Icelandic Society of Northern California. The family lived on Broadview Terrace for six years.

He is being assisted by Bob Tucker of Concord, Roy Everson of Walnut Creek, district chairmen.

Division chairmen include: Mrs. Jack Christensen, Ian McLaughlin, Anthony Evanko of Walnut Creek; John MacDonald, Ronald Galloway, Willie Yeley, William Taylor, E. B. Osborne and Victor Spindler of Concord.

Also W. P. Rhyan and Lindsay Reeks of Pleasant Hill; John Hook and Bruce Lyckberg of Lafayette; R. W. Starr of Alamo, and James Stockholm of Moraga.

Friends of Orinda Library To Hear Publisher

Friends of the Orinda Library will have as their guest speaker Wednesday Herman Schein, general manager of the Parnassus Press of Berkeley, at 10 a.m. in the library.

"Publishing Good Books for Children" is the subject of his talk.

Parnassus Press is guided by Schein and his wife, Ruth Robbins, well known illustrator. Their book, "Baboushka and the Three Kings," won the Caldecott Medal in 1961 as an outstanding book for children. Other recognition includes a listing by the American Institute of Graphic Arts and the New York Times' list of 10 best illustrated books.

Special guests of the center will be members of the Orinda Art Center because of their interest in children's art and their work in this field with Oirnda.

The speaker will take his listeners through the process of receiving a manuscript, accepting it, illustration and final publishing.

Committee members attending to arrangements include Mrs. Robert Anthonisen, assisted by the Mesdames Robert Powell, Albert Copp, Clay Sorrick and William K. Houston. Also assisting will be Mrs. Miles Hudson, chairman of the Friends of the Orinda Library and Mrs. Fred Crawshaw, program chairman.

'Bucket Brigade' Formed To Salvage Dimes March

More than a score of Lafayette's prettiest girls have organized themselves into a "bucket brigade" for a one-day blitz cleanup for the new March of Dimes Saturday, it was announced by Lafayette area chairman Charlie Greer.

They will work in the community under direction of Mothers' March chairman Mrs. K. G. Hanson and in cooperation with the Lafayette Firefighters Association. Mrs. Hanson said that the firefighters under president Bob Rhoades and vice-president Keith Duarte will provide escorts for the young ladies and transportation.

Mrs. Hanson declared volunteer workers had been very disappointed with the result of last week's Mothers' March, returns from which fell far under expectations and needs.

"WE'RE NOT blaming lack of publicity, the limited number of volunteers, the weather or anything else—much less public response on the part of those we were able to contact. But, the fact is, we in Lafayette have not done our part and the situation in Contra Costa is desperate.

"Few persons realize that during the years 1954 through 1959 the total raised in this county was $658,404 and the total spent on patients here was $200,000 more, or $756,184. The years since have improved slightly, although to nearly balance the books some patient services, unfortunately, had to be curtailed."

"NOW WITH the expanded program covering birth defects and crippling arthritis as well as polio and post polio care, the need for funds is greater than ever," the chairman added.

She expressed deep appreciation for the quick offer of the local firemen to help the bucket brigade bail the local drive out of an embarrassing situation and ventured hope that coins would rattle and bills rustle in the girls' buckets Saturday.

TV Set, Vacuum Cleaner Get 'Treatment'

William Lord of 114 Meadow Lane, Orinda, sold his television set with blonde cabinet with a single want ad in The Sun.

Mrs. Vernon Ament of 33 Golf Club Road, Concord, sold her vacuum sweeper with portable hand sweeper with a Sun want ad.

Mrs. Leroy Tarr of 1040 Brown Avenue, Lafayette, sold a broadloom rug and pad with her Sun want ad.

These are typical of the "success stories" which each week are credited to The Sun's "5-in-1" system. Each want ad goes into the Sun Shopping News, a 50,000-circulation free paper in the central county and into the four Sun subscription newspapers.

They are The Walnut Creek Sun, Orinda Sun, Lafayette Sun and Pleasant Hill Sun.

The "5-in-1" treatment costs no more, for a 14-word ad is only $1.60.

Moraga Fifth Graders Included In Orinda Class

Moraga fifth grade students may participate in the Orinda Union School District's outdoor education classes this summer. The decision to include the Moraga youngsters was made by the Orinda District's Board of Trustees at the board meeting Monday night in Pine Grove School.

Participation in the program will be for one year only and on an inter-district basis, the trustees decided. It was also agreed by the board that the location of the outdoor classes would be changed to the Donner Ski Ranch on Route 40. A lease is being prepared.

In other business the board requested Superintendent Joseph Sheaff to rewrite the police relative to contests and displaying materials. The board felt the present policy was not quite clear and suggested Sheaff contact the district attorney for rulings.

Donald Mahler reported on the proposed classes for neurologically handicapped children. The board authorized Mahler to make plans to establish the classes, starting with summer school on an experimental basis.

Neighboring districts will participate in the classes and share expenses. Mahler said that his research indicated the district could receive reimbursement of excess expenses for the classes.

Victor Kingston, chairman of the building committee, reported on his investigation of a school site near the crossroads. The site would be acquired in the event the district decided to give up the Wagner Ranch site, sought by the Acalanes Union High School District.

No action was taken on this matter, pending further investigation.

Bids for leasing Indian Valley School facilities will be opened at an adjourned board meeting February 19 at Pine Grove School, 7:30 p.m.

PT&T Begins Switch: Prefixes to Numbers

Persons listed in the Contra Costa telephone directory who do not already have number prefixes will begin to switch this month, according to a report from Pacific Telephone Company.

A general conversion of telephone prefixes will take place throughout the county during the next few months.

The change is part of the nation-wide switch to a new system, known as ANC which substitutes numbers for the letters. More than eight million people throughout the United States now are using ANC, PT&T Company says. Persons listed in the Contra Costa directory may tell when their number has been changed by page number.

Listings from the start of the current book to page 92 will convert February 19. Pages 92 through 150 on March 20, and pages 151-170 on April 20, and page 171 to the end of the book on May 21.

Beginning with the day they are changed on directory records, information operators will give out numbers asked for on an ANC basis. New number plates with ANC numbers will be mailed out progessively by prefixes during this four months conversion period.

In won't make any difference, the company explained, whether or not the new number plate is in place when the directory listing is changed because calls will go through whether the prefix is letters or numbers.

All residence customers will get their new number plates by mail. Installers will call on business firms with five or more phones to change their number plates starting February 19.

By mid-July, when the phone directory is distributed, everyone will receive new number discs and information operators will have the new listings.

Pacific Telephone says growth is the reason for going to an all-number system. Letters are blocking growth whereas numbers make a much larger selection of prefixes available. Twenty years ago there were less than 23 million phones in the United States. Now there are more than 74 million. By 1975 there may be more than 160 million phones.

This growth is rapidly exhausting usable letter combinations for prefix names.

With direct distance dialing the national pattern, every phone in the country must retain its individual identity. All-number call will open up more calling combinations and provide enough numbers to take care of future growth. Also it will pave the way for dialing to foreign countries.

Sheaff Will Be Keynote Speaker at Seminar

Joseph Sheaff, superintendent of schools, Orinda Union School District, has been named keynote speaker for the St. Mary's College Education Seminar.

The second annual seminar will be held February 17 on St. Mary's College campus. It is sponsored by the St. Mary's Teachers Guild and this year has as a theme "The Responsibilities of the American Teacher."

In accepting his role in the seminar, Sheaff emphasized that teachers are becoming increasingly important in our economy, politics and general culture. It is important, he noted that teachers attend such seminars in order to discuss and realize the role of our American teachers in preserving the heritage of freedom.

Sheaff will be followed by other distinguished speakers who will consider such topics as: School Law; Teachers' Rights and Liabilities, Professor Leon Ravetto of the Universitay of the Pacific; The Responsibility and Opportunity for Continued Personal and Professional Growth, by CTA and AFT representatives and Responsibility to Assume Civic and Political Leadership will be discussed by Thomas Coll, Contra Costa County supervisor board chairman.

The Saturday meeting will commence with a 1 p.m. registration in the de la Salle Hall foyer. Mario M. Menesini is chairman for the event and invites the participation of all teachers in the area to take advantage of this informative session.

Moraga Lions Hear Nejedly

District Attorney John Nejedly addressed the Moraga Lions Club Monday on the subject of John Muir Hospital. The Lions met at the Moraga Barn.

Student speaker chairman Ed Hicks announced the final plans for the annual student speaker contests that for five years have been sponsored by the Moraga Lions Club. The student speaker program is a national Lion Club program with the winners sharing in scholarship awards.

The three speakers who will compete at the February 19 meeting at the Old Moraga School at 7:30 p.m. are now in the process of elimination contests at the Miramonte School. This will be a dinner meeting and since this event is a high point of the Lions Club activities for the year it is urged that all members attend with their wives and a neighbor guest, as this event is a major neighborhood contribution to the community and the meeting is open to the public.

Further plans were formulated at the meeting for the huge community luau that the Moraga club proposes to sponsor in June. A committee meeting headed by joint chairmen John DeGuarda and Art Fleuti will be held Sunday morning to further cement the definite program and to make committee appointments.

Children's Art Class Has Some Openings

Twenty-seven young people signed up for the children's art class which opened its registration Saturday morning at Glorietta School, where classes are held each week under the sponsorship of the Orinda Art Center.

A few places are still available in the fine art course, according to Mrs. Joanne Fox, Bay Area artist and painter, who instructs the youngersters, using a variety of techniques and media to stimulate imagination and develop talent in third through eighth grade students.

Kendra Juchter, Miramonte senior, has been selected to assist Mrs. Fox. A straight "A" student in art, Miss Juchter plans next year to attend the University of California at Davis, where she will decide between a career in science illustration, or teaching art and English.

In the spring session, the young artists will be divided into beginners and advanced sections, with Miss Juchter following Mrs. Fox, to make sure each child understands and executes properly the various projects assigned.

All Orinda children, third grade through eighth grade, are eligible. Fee for the entire course of 14 lessons is $6, the sessions meeting each Saturday morning from 9:30 until 11:30 at Glorietta School.

Those who desire additional information may contact Mrs. Fenn Wilson at CL 4-5783.

Rabid Skunk Found, Third This Year

Another rabid skunk, the third found in the county this year, was discovered yesterday by Mrs. Donald H. Beitler of 128 Glorietta Boulevard, county health officials reported.

Assistant county health officer Dr. John Baier said the animal was discovered in a garage next to the Beitler home.

The skunk was shot by animal control officers and the head sent to the department laboratories for examination. Evidence of rabies was found, Baier said. The Beitlers' dog was re-vaccinated against rabies and has been quarantined for 30 days' observation.

Health officers cautioned against any direct contact with skunks, saying that those who invade areas of human habitation are apt to be sick animals.

A Comforting Thought; A Solution, too...

Ambulance service is a little like life insurance. You don't look forward to using it, but it is awfully nice to have when you need it.

We fervently hope nobody who reads this editorial will be in need of ambulance service in the future, but accidents do happen.

And now, if they do, we are all in a lot beter shape, due to the action of Bill Pomeroy and the Walnut Creek Ambulance Service.

If you will recall, your last issue of The Sun carried a story reporting the opening of a new ambulance station in the Rheem area to serve Orinda-Moraga-Lafayette residents.

THIS IS A FINE move, and one that The Sun has felt the need of for a long time.

Actually, of course, we are still being served by the same number of ambulances—Pomeroy has been operating two for the past few years.

But this is as it should be, because the number of calls has not increased, Pomeroy says. But, if you are in an automobile accident, or suffer some other kind of misfortune requiring an ambulance, and you live in the above-mentioned area, you are now in a position to get much speedier service.

And this is very good to know. It's like having your insurance premiums paid up.

AS POMEROY said, when you need an ambulance, five minutes can seem like five hours. And stationing an ambulance in this area will cut minutes off of calls in the vicinity.

And sometimes oxygen or a resuscitator can save a life when minutes are saved.

This seems like a workable solution to what The Sun has considered a pressing need for some time. We have pointed out the problems in the past, and the only real answer that came up was possible subsidy by either the county or a fire district.

BUT NOW, Pomeroy seems to have come up with a solution for us, and it is a very good thing.

No matter what happens, we are certainly better off for this. Remember, it affects the people of Walnut Creek and Alamo, too, because now, if there is a call in Orinda or Lafayette area, there is still an ambulance, staffed and waiting, right in Walnut Creek.

A comforting thought, isn't it.

ANNABEL, Sandy Lee's little dog, is proud of her new 1962 license tag, which is a distinctive clover-leaf shape this year. Sandy is the daughter of Mr. and Mrs. Richard Lee, Waldale Court, Walnut Creek. Sun photo by Bob Rush.

Just Hum This Little Song While Driving...

Editorial—to be hummed to the tune, "Shrimp Boat's a-comin' . . . "

"Gas war's a comin', there's dancin' tonight . . . Gas war's a comin', there's dancin' tonight . . . "

Well, you get the idea, anyway.

Of course not everybody will be doin' the singin'—especially the service station operators, the poor guys. Some of 'em have kids to feed, and boiled potatoes get pretty tiresome after a while.

YOU REALIZE, of course, that it is possible that there is another gas war around the corner.

Well, what does that mean to us? For one thing, it means nice, cheap gasoline.

So what? We really won't use any more of the stuff. You can't drink it (although the stuff that some people drink bears a certain resemblance and during a gas war these people should be viewed with suspicion).

You can't hoard the stuff . . . the fire marshal frowns on that.

YOU CAN plan a trip though. But what happens when you get outside the area of the gas war? You're right back where you started, only further away. Or something.

Frankly, we don't understand the whole darn thing. The poor guys in the middle—the service station operators — take a beating. The public doesn't get much—sure, cheaper gas for a while, but chances are you'll pay for it in the long run.

Nobody really seems to know how these things start, or why, or how they end. Sort of like a common cold.

SO, IF YOU hear a commuter, or your next door neighbor humming that song at the top of this editorial, rush down to your nearest gas station and fillerup.

But smile at the poor service station manager when you do it.

He's got a lot of troubles. And he doesn't need a gas war to compound them.

The Staff Corner

Not Quite Perfect....

By GEORGE COLBURN

Central Contra Costa County is a near-perfect place to live.

Although I'm just a newcomer to this area, I'm sold on it.

I couldn't think of a better place for a family to grow, prosper and find happiness.

Many of the enjoyments that we seek from this life are found within easy reach of the local resident.

We have the beauty and nightlife of San Francisco, the sandy shores of Santa Cruz, Carmel and Monterey, the snowy slopes of the Sierras, the charm of Sausalito and Tiburon, and the natural beauty of Yosemite just to mention a few.

VERY FEW people in the United States (living outside the Bay Area) are so fortunate.

Right here in our own front yard, the land has a certain amount of character. The hills, on which many of our homes are located, will soon be green and add this bit of charm to the picturesque scene.

We live in a "bedroom community" and are lucky. The gray, drab effect of the big city is missing. Our children can breathe real air most of the time. We have to endure the fog a few days of the year, but there's no snow, ice, etc., to put up with for the most part.

Natives don't realize how lucky they are. It's the "immigrants," who are making California the most populated state in the Union, who really appreciate this area.

I'd like this area to stay beautiful, the way it was meant to be.

However, there are some sights which just don't belong in our area.

I drive down Mt. Diablo Boulevard in Lafayette or Contra Costa Highway in Pleasant Hill and I wonder.

I WONDER what a tourist might think if he was to drive down these streets. He doesn't know what's behind the face of these disjointed, unplanned hodgepodge of business establishments.

They look ugly and are ugly. They detract from our beautiful area.

Most people have pride in their homes, their block, their neighborhood, their town.

They should also have pride in how their town appears to outsiders.

Orinda and Walnut Creek don't have quite the problems that affect Pleasant Hill and Lafayette.

Unsightliness is not as apparent along the commercial strips in these towns.

Lafayette, being an unincorporated area, naturally finds it hard to gain momentum in matters like this because an official governing body is missing.

PLEASANT HILL had the same problem until recently.

It is realized that it will be a tough job to fix up these areas so they blend in with the rest of the communities. Lack of proper control for many years has bred the "ugliness."

But something should be done—I think everyone will agree.

A newcomer with pride in his new "home" would like to see something done—and the sooner the better.

It's probable that almost every person living in Pleasant Hill and Lafayette as well as area residents in general would like to see the two "eyesores" cleaned up.

Who will start the ball rolling?

H-WAR

Dear Editor:

Dr. Edward Teller, the blessed peacemaker and H-bomb builder has been expounding anew his worn-down philosophy of "We can build bigger ones than you can."

We must test new atomic weapons now and prepare "to engage in limited nuclear warfare" says the learned gentleman.

What is this "limited nuclear warfare" of which Dr. Teller speaks? Can anyone conceive of a situation in which nuclear weapons, once having been used, are then restricted by rational thinking on either side?

Are we to believe that once an atomic war starts, the losing side is going to run up the white flag and say "well that's life, we could win this war if we could use our arsenal of H-bombs but this is a limited war and we must keep it that way?"

The theory of limited war might be applied to brush wars in which only conventional weapons are used, but even this is problematic at a time when both sides have nuclear power at their disposal.

Basing national policy on Dr. Teller's suggestions would result in a far greater danger of all-out nuclear war than any multilateral disarmament scheme proposed to date.

Adequate controls are necessary in any disarmament plan and it would seem that our efforts would be more wisely spent working out a control system than in raising the terror level another notch . . .

D. W. HOUSER.

We Like It Here . . .

A Gentle Hint to That One & Only Gentleman!

BY MARIE MONAHAN

DEAR SIR; The Valentine I have in mind
Is of that good old-fashioned kind.
Hearts & Flowers. Lots of lace . . .
NOT the kind from Outer Space.
No silly slim thing card can woo me.
Sophisticated ones will never do me!
NOR the kind "From Me To Youse"—
The kind I crave, the billet-doux
That I prefer,
I mean the kind From Him To Her—
Carried by silk-winged soft white turtle dove &
Dropped in lap of Lady Love.
A VALENTINE that's pink & rosey,
The kind that makes one's friends So Nosey . . .
Edged with roses, tiny hearts—
CHUBBY cherubs shooting darts.
Love's Sweet Message in sweeping hand—
The kind that pulls out so you can stand
IT up to long admire . . .
Of think kind **NEVER** will I tire!
BUT shun for me the card moderne,
Orange, green ones will I spurn.
NOR will I greet with romantic fervor,
Couplets by Nash—or Couples by Thurber.
Chas. Addams' characters do not send me &
BEATNIK gassers tend to rend me!
SO, if a Valentine you'd buy
(To please The Apple Of Your Eye)
Choose one that's sure to stir a sigh
FLUTTER heart, increase the pulse,
ONE with lots of old-time Schmaltz . . .
Wrap it up in Gershwin tunes,
Seal with Stardust, a month of Junes.
SIGN with a flourish, be quick to deliver.
Then watch me succumb . . .
TO CUPID'S quiver!

MORE McCUNN

Dear Editor:

In your editorial on January 26, regarding Drummond McCunn, you have stated that, "The chips are down—the board must act."

True, it is the board's responsibility to see that a thorough investigation is made, and that it takes proper action upon completion of the study. I believe that the public also has a duty.

The junior colleges are public schools and whatever commission, or group, makes the study, it must, and will, take cognizance of public opinion.

I FEEL that Dr. McCunn has become a detriment to the junior colleges and must be dismissed—not because of his personal views but, primarily, for the following reasons:

1. He has embarrassed the district, the faculty, and the students by making statements to the press which included:

2. **WHEN ASKED** by a student, during a meeting attended by press, radio and television representatives, whether his views would be carried into his job as administrator of the college, he replied, "I hope so."

That these views are biased to the extreme right seems obvious as evidenced by the following:

a. The statement during the same meeting that, "I do not apologize for my remarks (to the press in San Francisco)";

b. The fact that his name is listed as a member of the Steering Committee of the School of Anti-Communism—another controversial group considered to be extremely right wing;

3. **AFTER HAVING** made the statements, during the January 10 meeting with the students, that, 1) the California Education Code made it illegal for any teacher to advocate or support any measure—economic or political, and 2) that "education" means giving both sides of any question, "indoctrination" means advocating or supporting one side, he proceeded to:

a. State in reply to a question regarding his ideas about public ownership, "Invite me back and I will educate and indoctrinate you at that time";

b. Support with statistics the P. G. & E. as opposed to public power stating, "When public power comes in, you lose";

c. Call to the students' attention the School of Anti-Communism which would be held in Oakland, commend it, and announce that he had pamphlets and applications which would be distributed to them — which Mrs. McCunn and others proceeded to do.

I do not believe the California code prohibition of advocacy or support excludes school administrators.

4. Our junior colleges are accredited and have a high academic reputation. Accreditation of a college rests a good deal upon the quality and effectiveness of its faculty. Seventy per cent of the faculty of the junior colleges in this district has expressed to the board by resolution, their lack of confidence in Dr. McCunn, and/or requested his dismissal.

It was Dr. McCunn—not the faculty or any other of the district personnel — who created the present unpleasantness.

MOW MANY teachers will stay if Dr. McCunn remains? Which can the junior colleges best afford to lose—the one or the many?

I urge your readers to do their "bit" if they wish to retain academic freedom; education without indoctrination; an excellent faculty; directors who have proven they can work in harmony with the people under them without either extreme of laissez-faire or dictatorship, to write and make their "public opinion" known to the governing board through its president, Mr. William J. Kretzmer, 337 Tenth Street, Richmond; or to Mr. James Williamson, staff consultant to the Personnel Standards Commission, the California Teachers' Association, 1705 Murchison Drive, Burlingame.

LIBERAL PRESS

Dear Editor:

It is pretty obvious that The Sun is no better than the rest of the liberal press in this area which is rapidly selling its country "down river."

I had hopes—but now, I find after reading the article in the January 26 issue, referring to "Tocsin" as a "John Birch" publication, that you are following the far-left line.

LIKE THE majority of the press, you are using the "John Birch" label as a "bug-a-boo" to try to scare people out of doing what they believe is right.

"Tocsin" is written by a few dedicated people at the University of California who are trying to raise a cry for the poor maligned, battered conservative American viewpoint.

I have yet to find or talk to anyone who is a member of the John Birch Society — nor has my husband who travels extensively. Yet the press would have us believe we are surrounded by "Birchers."

The press had better change its tune or we actually will be surrounded by communists, as Gus Hall has all but stated in his current visit and talks.

IT WILL be hard for me to believe anything more or be influenced by The Sun since this misrepresentation of "Tocsin" is so flagrant.

The press unwittingly is driving people into the very thing they are trying to discourage, i.e., anti-communism schools and groups.

I wasn't thinking of attending Dr. Schwarz's school, but I am convinced now, that I must. It is everyone's duty to learn for himself and not be swayed by newspapers or utterances of political figures and others.

ISABEL F. McCONNELL

(Ed. Note: The Sun, too, makes errors, and this was one of the more flagrant ones. Reader McConnell is referred to the front page article printed in the February 2 issue of The Sun in which we point out our error in no uncertain terms.)

Under The Sun

Do You Remember When I Was Called 'Commie?'

By HERMAN SILVERMAN

Twelve years ago this month "Hollywood Life" magazine featured on its cover this headline: **SUN EDITOR UNDER SURVEILLANCE AS COMMUNIST.**

One paragraph in the story said that Herman Silverman, editor of The Sun, took a course on communism when at Stanford university.

That was all. The headline was supposed to cast the BIG shadow.

It was rather funny, although I don't believe I laughed at that particular time. The facts were that every freshman at Stanford was (and is) required to take "History of Western Civilization." This is a wonderful, year-long course, during which communism was discussed in one chapter and one lecture.

Here's some background

Why the "smear" campaign?

Well, if you remember, in 1950 The Sun turned the newspaper spotlight on gambling along "Tunnel Strip," not only exposing the gamblers, but also our county law enforcement officers who permitted the violations. This was before the U.S. Senate Crime Investigating Committee and the State Crime Commission investigated Contra Costa County.

The gambling czars and friends first tried to bribe The Sun, then threaten and finally called in the notorious Jimmy Tarantino who published the equally notorious Hollywood Life to discredit The Sun. (Tarantino finally was put away in San Quentin.)

This is a long story, which we can discuss some other day. But it did have a good ending—the county was cleaned up, former Sheriff Long and former District Attorney Collins decided "not to run for reelection."

Well, I'm way off the point of the story.

Communist threat?

I believe communism is a real threat to the U.S. The Russian Communists and Chinese Communists aren't kidding. They intend to conquer us. They make no bones about it.

We are faced with a tragic, dangerous situation in communist Cuba. Communism might very well spread into Latin America.

Communism can gain a foothold in any country, where there are millions of people who are starving, who have no hope, who don't give a damn about democracy or communism but only want something to eat—some shelter—some clothing. If democracy or their current form of government won't give them a bowl of rice, they will turn to any "ism" that will. Communists are already working on them.

What should we worry about?

Millions of people have fallen into the communist camp. Or have been conquered. When a nation goes communist, no matter how or why, our wonderful country is threatened.

This is our challenge. This is our problem and the problem of the free world.

This is what I am worried about.

This is a gigantic worry, a worry so big that I cannot worry that there is a big threat of communism within our country.

Yes, there are communists in the U.S. They are undoubtedly part of the international communist party, subservient to the U.S.S.R. I don't like them, but I'm not scared of them. I have too much faith in Mr. and Mrs. Joe America. I see no purpose in looking under every bed to see if there is a communist who is going to take over the U.S.A.

I have no sympathy with those who are really "soft" on communism. I have no patience with those who are far to the left.

On the other hand . . .

Now let me shift my weight on this soap box and declare in a loud, firm voice: I equally dislike those people who are far, far to the right, the ultra conservatives, the John Birch group or any of the other groups who could prove dangerous to the freedom of our nation.

Yes, they have a right to their opinions—and so do the pinks.

Let us beware of both groups.

Let us not be stampeded. Let us think and be willing to express ourselves.

We saw McCarthyism and what it did to our country.

Let us not panic. Let us not lose faith in our own country.

Study communism? Certainly! We should have done so a long time ago but many were afraid to because it was not the popular or wise thing to do.

What can we do?

But more important is to study what our great nation and its allies can do to prove to the world there is nothing better than democracy. Or even send a CARE package, as an individual, to a starving family in Korea or Colombia. You and I can act—constructively, as a force against communism.

Who says the odds are with the communists in this world of ours?

Look at Berlin and East Germany! If the communist world is so great, why do thousands risk their lives to escape it?

I have seen thousands of refugees in South Korea, who would rather starve than live in Communist North Korea.

I have seen thousands of refugees in Hong Kong, who have escaped from communist China. There are over a million there today. If communism is so great, why do these people flee?

You and I have real work to do. Let's not go off on an unproductive, negative tangent, which can do more harm than good.

New Scoring Record Not Enough as Shoe Stable Wins Again in Danville

Despite a record-breaking scoring performance by Ron Thom, Shoe Stable rolled to its fifth straight win in the Danville Basketball League last week.

Thom scored 37 points, but it wasn't enough as Pearson Lumber dropped its fourth straignt decision.

A pair of free throws by Dick Johnson with one second to play gave Shoe Stable the win, 59-57.

The previous individual game scoring record was held by Bobby Dold, former St. Mary's College player. He netted 36 points for Carter Glass in a game last season.

The previous high for one game this year was a 33-point performance by Bob Gomez of Diamond Building Materials.

THE TWO-POINT loss for Pearson was its second defeat in two nights last week.

With Thom scoring 24 points, the Lumbermen came close to upsetting Aerojet, but bowed to a last minute scoring burst, 55-48.

Thom has scored 91 points in four games for a 22.8 average.

Camden Wall, 6-10 pivotman, paced Shoe Stable past Pearson with 27 points.

Herb Kiger had 18 points for Aerojet in the win over Pearson.

Pearson gained the lead for the first time against Aerojet at the start of the fourth quarter. With two minutes to go, the Lumbermen held a three-point, 46-43, lead, but could not score again until Aerojet had netted three baskets and a pair of free throws.

Also last week, Martinez scored its second straight win after three opening defeats, nipping Vern S. Ryan, 52-51.

AFTER Roger Ide put Ryan on top with a basket with less than 30 seconds to play, Dave McCosker hit on a 20-footer that won for Martinez.

Bob Amauric, 6-foot, 278-pounder, was high point man for Martinez. The Utah State graduate played only the second half, but scored 16 points.

Hal Barnett contributed 13 points for Martinez while McCosker had 11.

Wolves Claw Clan

Las Lomas moved into undisputed possession of first place in the Foothill Athletic League last Friday, swamping Alhambra, 67-54, while San Ramon was handing Piedmont its second straight loss, 57-42.

The Knights have moved into a tie for the top spot with a 44-37 win over the Clan last Tuesday.

In the other league game Friday night, Miramonte broke a five-game losing streak, dumping Del Valle into the cellar, 35-27.

LAS LOMAS 67.
ALHAMBRA 54.

The Knights started fast against Alhambra at Martinez and were never headed as they rolled to a big, 42-23 lead at the half and coasted home. The Bulldogs "won" the second half scoring battle, but it was to no avail.

The win gave the Knights a 6-1 record with five games to go. It was their second win of the season over the Bulldogs who are now 3-4 in FAL play.

Las Lomas held a comfortable 18-11 lead at the quarter and then rolled up 24 points in the second session which doubled the Bulldogs' efforts for the eight minutes.

Center Bob Nichols was the big gun for the Knights. He fashioned 22 points with seven field goals and eight charity tosses.

Guard Bob Kreider and forward Jerry Nordeman chipped in with 12 and 10 points respectively.

Jim Hammett of Alhambra took scoring honors for the game, however. He netted 26 points on 11 field goals and four free throws.

No other Alhambra player was in double figures.

SAN RAMON 57.
PIEDMONT 42.

After looking like world-beaters in their first five games, the Clan has suddenly fallen apart.

San Ramon, a 47-44 loser in the two teams' first meeting, had to gain its revenge the hard way—coming from behind after what seemed like a disastrous opening eight minutes.

The Highlanders boomed to a 16-6 lead in the first quarter and held onto most of it to lead 29-20 at the half.

With guard Bob Metez and forward Don Rice doing most of the damage, the Wolves raced to a 39-39 tie at the end of the third quarter.

In the fourth quarter, the Wolves totally annihiliated their guests, rolling up 18 points while holding the Clan to three.

It was strictly no contest after the opening seconds of the fourth quarter as the Wolves waltzed home behind Rice and Metez.

Rice took game honors with 19 points. Metez followed with 18. Center Jim Howell chipped in with 13 more.

It was San Ramon's fourth win in seven starts and put the Danville five in third place—a lofty position compared to last year's 1-14 record and cellar finish.

MIRAMONTE 35.
DEL VALLE 27.

The Matadors now have two wins in FAL play and both are at the expense of Del Valle.

Herb Graw's hard-luck crew opened the present campaign by defeating the Trojans, then suffered through five agonizing defeats before posting win No. 2 last Friday night on their home court.

Miramonte led all the way after taking the lead for good midway through the first quarter.

It was 10-7 at quarter's end and 21-17 at the half.

Mike McQuaid paced the Mats with 10 points.

Bob Kovats had an equal number of points for the losers.

They were the only two players in double figures.

Del Valle, in its first year of FAL competition, is now 1-6.

A LOSING BATTLE—Acalanes Center Bill Higgins (15) was a man all alone following a shot by one of his teammates in last Friday night's FAL game against San Ramon. The whole San Ramon team was right there to take the ball away from Higgins, while nary an Acalanes player can be located. The San Ramon players are Jim Howell (44), Don Rice (22), Ron McLaughlin (23) and Bob Metez (23). The final member of the quintet behind Higgins is unidentified. Despite it all, Acalanes won the game. Sun photo by Bob Rush.

The Ski Line . . . .

Three-Day Weekend Is Upon Us--Take It Easy

By HEC HANCOCK

The single lads and lass'es, who to this point have pretty muc dominated the ski scene, will have to take a back seat this weekend as Mom, Dad and the family take to the ski slope.

With Lincoln's birthday falling on Monday, many family an youth groups are taking advantage of the resulting three-dayer to romp and play in the snow. Over the years, it has become increasingly popular to utilize the break afforded by either Lincoln's or Washington's birthday to let the kids build a snowma and slide down a hill or two.

A word of caution at this point is appropriate, however. With many drivers on the road that have little or no experience driving in snow country, this is the time to practice defensive driving. In the interest of self preservation, here are a few helpful hints.

1. Be sure to carry snow chains any time you drive in the mountains!

2. Allow plenty of room between yourself and the car ahead. It takes considerably longer to stop on icy or snow-covered roads.

3. Don't brake too abruptly. This can lead to disasterous skids. Try to anticipate stops, and brake gently or shift down.

HEC HANCOCK. The Sun's ski writer, shows Judy Stensgaard of Stanley Intermediate School in Lafayette some basic fundamentals as Sandy Sherman (from left to right), Susan Spragens and Glen Schneider watch. More than 70 Stanley students spent a recent weekend in the snow country. The picture was taken at Echo Summit.

4. When walking along the highway in the snow areas, stay well off the highway. If you insist upon letting skis and poles stick out, be sure your accident insurance is paid up!

5. Ski the slopes you can handle. A good way to join the plaster brigade is to get on a hill that's too steep for your ability.

6. Use a little common sense and take a few precautions, and the outing will be a pleasantly memorable one. Remember, you're venturing into the mountains, and they demand your respect.

Excellent snow conditions are reported throughout the Sierra loop. A pack of three feet or more is reported by most major areas. The mid-week storm brought a welcome addition to the snow cover. All facilities are operating, so take your pick, and have fun!

In recent years, Sports & Games, Inc., of Walnut Creek has conducted a series of ski trips for school groups throughout the area. These trips, with the emphasis on ski instruction, have become increasingly more popular.

Last weekend more than 100 youngsters from Lafayette's Fairview Intermediate School made the trek to Squaw Valley. Escaping from the fog-bound lowlands, these kids had a wonderful day of skiing under bright, cloudless conditions.

Very few of the group had made any serious attempt to ski previously. In view of this fact, such youngsters as Neil Winters, Rick Sheppard, Doug Frediani and Kathy Inskip showed promise of real talent.

Patty Crosby, with determined persistence, developed as fine a snowplow as has been seen in those parts since Snowshoe Thompson was packing the mail.

An appropriate "schuss boomer" pin was awarded Molly Morrissey by popular acclaim as the skier making the most progress during the day.

On tap for next weekend is the "Barrell Stave Olympic Slalom" at the Deer Park-Powder Bowl Ski, Saturday, February 17.

Co-sponsored by the Powder Bowl Ski Club and Paul Masson Vineyards of San Francisco, competition is open to teams of three (two men, one woman). All racers must be 18 years of age, and one member of each team, over 21.

Barrel staves are provided the contestants to run the dual slalom course. Since two racers run the course simultaneously, several common gates are on a "first come, first served basis." A real smash!

Sytkowski's 36 Doesn't Help--Pitt Dumps CP

Pleasant Hill took it on the chin for the sixth time in seven Contra Costa Division games, losing to Clayton Valley, 57-53, Tuesday afternoon in Pleasant Hill.

In other CCD games Tuesday, College Park was walloped by defending champion Pittsburg, 76-63, despite Mickey Sytkowski's 36 points, and Pacifica edged Mt. Diablo, 36-35.

With the win, Pittsburg maintained its lead over second-place Antioch which had a bye.

Pittsburg is now 6-1 while Antioch is 4-2.

Clayton Valley moved into third place with its win over the Rams. The Eagles are now 4-3.

COLLEGE Park dropped into a fourth place tie with Pacifica and Mt. Diablo by virtue of its loss. All three teams are 3-4. The Devils have now lost four in a row.

Clayton Valley grabbed the lead for good midway through the first quarter against Pleasant Hill and held on for the win despite a hectic late rally by the Rams.

It was 14-11 at the end of the first quarter and 31-27 at the half. The Eagles moved to a commanding lead, 48-38, at the end of third quarter but saw it almost disappear in the last minutes of the game.

The Rams came within three points in the final minute, but could get no closer.

Paul Murphy paced the Rams with 20 points. Mark Kimball contributed 10.

Bub Beemer had 28 for the winners while Jerry Cross had 14. Beemer picked up 10 free throws while Cross had eight.

AS A TEAM, the Eagles hit on 21 of 30 free throws.

Pleasant Hill hit on 15 of 18 in the foul-marred contest.

College Park fell behind at the outset of the game and could never quite catch up against the Pirates.

Pitt led, 22-12, at the end of one quarter and moved to a 44-30 lead at halftime.

With Sytkowski scoring 17 of 36 points in the third quarter, the Falcons moved to within five points late in the period, 55-50. However, the Pirates rebounded for two quick baskets and a 59-50 lead at the end of the quarter.

SYTKOWSKI'S 36 points came on 12 field goals and 12 free throws. He hit 12 of his 17 shots from the floor and connected 12 of 14 times at the free throw line.

As a team, College Park hit on 31 of 37 free throws, but were outscored, 30-16, from the floor. Pittsburg hit on 30 of 61 shots.

The 36 points represent a new individual game scoring record for College Park varsity basketball.

Hard-Luck Miramonte Eyes Upset

IT WAS SMILES and handshakes all around as the final buzzer sounded in the Las Lomas-Piedmont game last week in Walnut Creek. Going into the game, Piedmont was undefeated, Las Lomas had lost one. When it was over, the FAL race was deadlocked, as the Knights won, 44-37. Gordon Rakow is shown shaking Rick Inman's (13) hand in this picture. Sun photo by Bob Rush.

Knights Retain Lead

Las Lomas maintained its one-game lead in the Foothill League, subduing scrappy Del Valle, 53-38, with a strong second half.

In other games, Piedmont and San Ramon kept pace with the leaders.

Piedmont overcame a brilliant individual performance by John Paul Jones of Acalanes, to edge the Dons, 56-52, while San Ramon won easily over Alhambra, 45-34.

LAS LOMAS 54
DEL VALLE 38

The all-junior Trojans hung on grimly for three quarters, but it was a case of just too much heighth as the Knights led all the way for the win. Las Lomas is now 7-1 in the FAL and leads Piedmont by one game. Del Valle is 1-7.

Las Lomas grabbed the early lead and outscored Del Valle, 10-8, in the first quarter.

It was the same story in the second quarter. Las Lomas scored 12 to Del Valle's eight. In the third quarter, the Knights picked up 13 more to 10 for the Trojans.

Center Bob Nichols picked up 23 points to lead both teams in the scoring department. He had nine field goals. Guard Greg Bertagnolli was next for Las Lomas with nine points.

Del Valle was led by Bill O'Toole who scored six baskets and totaled 16 points.

Bob Kovats hit on eight free throws and finished with 10 points for the Trojans.

PIEDMONT 56
ACALANES 52

After Acalanes had jumped to a 14-12 advantage late in the first quarter, the Clan never saw the lead until the last three minutes of the game. They outscored the Dons, 13-4, in the final four minutes.

The loss virtually eliminated the Dons from FAL title contention. The Dons are now 3-4 with five games to play.

Piedmont remains in second place with a 6-2 mark.

Acalanes had doggedly maintained one, two and three-point leads through the second and third quarters, but seemed to have the game won when they opened up a five-point, 48-43, bulge with less than four minutes to play.

With three minutes to play it was 50-47, but then Steve Hogan scored two field goals and Ned Church added one in rapid-fire order to put the home-standing Scots on top, 53-50.

A basket by Tim Albert with a minute to play made it, 53-52, but the stalling Highlanders picked up three more points on free throws by Rick Prestwood as the desperate Dons fouled trying to get possession of the ball.

The late rally overshadowed a 29-point performance by Jones who moved into a post position from his usual guard spot.

With an opposing guard watching him, Jones hit on 12 of 18 shots from the floor and then connected five of eight times from the free throw line.

Jones scored nine points in the first quarter as the Dons grabbed a 14-12 lead in a see-saw eight minutes of wild action.

He added four more in the second quarter, 10 in the third, and six in the final eight minutes.

Jones scored his 12 baskets on a variety of jump shots and drive-ins as Church and the Piedmont team was baffled with the setup.

Guard Walt Cardinet chipped in with 12 points and occassionally spelled Jones in the post position.

Four Piedmont starters were in double figures with Hogan, a starter in the last two games only, hitting 16. He scored 12 points in the second half.

SAN RAMON 45
ALHAMBRA 34

The Wolves, battling to stay within sight of league-leading Las Lomas, grabbed the lead quickly against the Bulldogs and then played steady, control basketball the rest of the way. San Ramon is now 5-3 while Alhambra is 3-4.

Mats Face League-leading Las Lomas Tonight in WC

By GEORGE COLBURN
Sports Editor

Thanks to San Ramon, Las Lomas holds a one-game advantage over Piedmont with just four games left in the Foothill League schedule.

However, tonight Miramonte will be shooting to knock the Knights off their perch in the feature game in the FAL.

In other games tonight, Acalanes entertains Alhambra and Del Valle hosts San Ramon.

Second-place Piedmont draws a bye.

All games begin at 8 p.m.

Miramonte, twice a victor over Del Valle, but a loser against all the other FAL teams the first time around, will be aiming for an upset win against the league-leaders and an end to a hard-luck streak that has plagued the team all year.

IN THEIR first meeting, Las Lomas defeated Miramonte, 45-34, on the strength of a 14-2 advantage in the final quarter. The Mats held a 32-31 lead going into the final eight minutes, but couldn't find the range for a single field goal in the last period.

Miramonte head coach Herb Graw points out that his team hasn't been "out" of a game this year before the final quarter. Two FAL losses have been in overtime and the Mats have three such losses overall.

Besides the loss to Las Lomas, Miramonte has lost to San Ramon (50-47), Acalanes (35-34 in overtime), Piedmont (53-51) and Alhambra (72-66 in overtime).

The Mats have everything going for them tonight. They've got nothing to lose and much to gain—and the odds have to be on their side.

Las Lomas will have to be concentrating on this game if they hope to stay atop the FAL.

The Knights can't afford to be looking past the Mats in anticipation of Tuesday's game with Piedmont.

SAN RAMON will be hoping that Las Lomas is upset as they battle Del Valle. A Las Lomas defeat and a San Ramon win would move the Wolves to within one game of the top spot.

At Lafayette, Acalanes and Alhambra, two teams going nowhere, but hoping for a respectable finish will tangle.

Both are 3-4 and out of title contention.

With four games to play, it's strictly a three-team race with San Ramon having a slim, outside chance of gaining a title deadlock only.

The Piedmont - Las Lomas clash in Piedmont Tuesday is the only FAL game scheduled. It was moved up from an original March 2 date.

Over in the Contra Costa Division tonight, College Park, aiming for a lofty finish, eyes an upset over Antioch, currently in second place.

A WIN would give the Falcons a 4-4 record while Antioch would be 4-3.

College Park bested Antioch, 47-42, previously.

Pleasant Hill, buried in last place, hosts Mt. Diablo tonight and Pittsburg.

A win Tuesday for the Rams would make the whole season worthwhile.

The Rams gave the Pirates a battle the first time around, bowing, 56-48.

Pleasant Hill's opponent tonight, Mt. Diablo, is currently on a four-game losing streak—the same as the Rams who have been playing in hard luck.

Of the six CCD losses, two have been by one point, another by four.

Mt. Diablo defeated the Rams the first time around, 45-38.

Adult Education Enrollment Is Increasing

Enrollment in the Acalanes Adult Education program hit a new high during the fall quarter, with a total of 2215.

The total number of class enrollments add up to 2468, which is a 21 per cent increase over the same period last year.

Registration is up in 10 out of 13 areas, the largest of which is civic education which showed a 97 per cent increase over 1960.

Others that increased were English, foreign languages, business education, fine arts, homemaking, industrial education, crafts, and health and physical education.

Three areas showed a loss from 1960. They were as follows: social sciences, Americanization and parent education. The area of mathematics remained the same.

Director Teutschel stated that the Acalanes Adult Education office expects to increase course opportunities in the social science, mathematics, business and language arts areas.

Recent figures released by the Acalanes Adult Education Center show that the adult education program has increased 120 per cent in attendance over the past eight years.

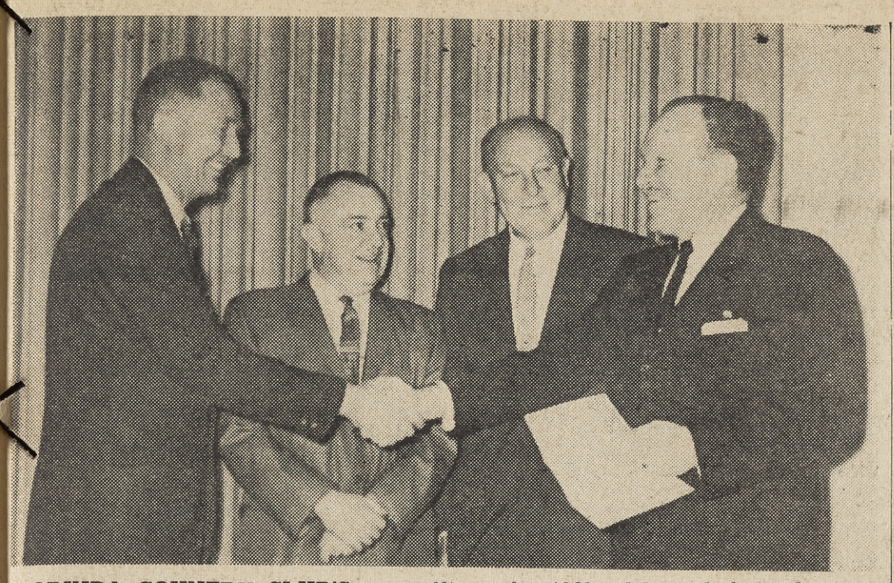
ORINDA SUN

FRIDAY, FEBRUARY 9, 1962



ORINDA COUNTRY CLUB'S new officers for 1962 celebrated their election Saturday night at the Club. Attorney General Mosk's Orinda Talk Is Feb. 16

Attorney General Stanley Mosk will appear in Orinda on February 16 in the midst of sharp controversy over the most effective means for fighting communism.

Mosk has denounced the School of Anti-Communism of Dr. Fred Schwarz as a "fly-by-night operation," and Dr. Schwarz and his supporters have attacked Mosk in turn.

Having accepted an invitation to Orinda before his attack on Dr. Schwarz' "school," Mosk finds his Contra Costa County appearance is now attracting much more attention than would normally accompany the appearance of the attorney general of California.

MOSK WILL appear at Inland Valley School at 8 p.m. February 16, under auspices of the Orinda-Moraga Democratic Club in cooperation with other Democratic Clubs in Contra Costa County.

He is expected to discuss a wide variety of subjects in his talk.

The attorney general will be honored at a reception at Oak Springs Clubhouse following the meeting. Tickets to the reception, which is also open to the public, can be obtained from Richard Bartle (CL 4-4133), Richard Heggie (CL 4-0426), or any member of the Orinda-Moraga Democratic Club.

MOSK WAS elected attorney general in 1958 following 16 years of service as a superior court judge. He has announced his candidacy for reelection and was endorsed by the California Democratic Council at its convention in Fresno, January 27. Mosk also serves as Democratic national committeeman from California.

Miramonte Mirror

Rally Has Originality, Spurs Mats on to Victory

By ANN LINCOLN AND KITTY MIKA

Predictions on rally committee's posters around Miramonte last week reading "Dump Del Valle" came true Friday night when the Mats downed Del Valle with a score of 36 to 27. The rally held in the afternoon had school spirit at an all-time high, which according to team captain Mike McQuaid, gave the team the boost it needed for victory.

The originality of the rally was thoroughly enjoyed by all . . . except those who actually participated in it. Some of the lucky ones included Linda Van Sickle who had sponges full of green water thrown at her, Dwight Thompson and Grigg DeWitt who had everyone on the edge of their seats while throwing an egg back and fourth 25 feet in the air, and Steve Read who had to clean up the mess when butterfingered Grigg finally dropped it. Congrats are in order for the rally committee for a terrific rally.

The after-game dance was, as always, a tremendous success with its twist, watusi, and circle dances . . . but the somebody playing records must not have liked Ray Charles. A few of the many Miramonteans attending were Candy Bray, Jay Grilli, Chris Campbell, Dick Blair, Bonnie Brooks, Rich Adair, Larry Laham, Sue Hancock, Jackie Villata, Skip Spaich, Bill Cooper, Chrissy Voll, Steve Brush, Mary Bartlett, Sue Brown, Bruce Nickerson, Katrina Holland and Pete Boyle.

DR. SCHWARZ'S talks on Communism attracted many Miramonte teens including Jean Gleason, Tom Gaffaney, Marc Jacobs, Judy Hopkins, Mike Rolley, Carol Gilmore, Steve Williams, Carolyn Coburn, Hester Harris, Wendy Wilcox, Tris Scott, Tara Doty, Nancy McKee, Bonnie Johnson and Helen Johnson.

It seems that Sierra ski slopes were absolutely crawling with Orinda teen-agers last weekend. The ninth-grade teen club invaded Donner Ski Ranch. Some of those on the trip were Linda Rice, Mimi McGah, Doug Dermit, Kathy Adams, Joel Eide, Sue Harlander, Jack Kammejer, Joyce Thompson, Karen Bently, Dennis Finn, John Simpson, Drew Hartanov, Randy Bedayn and Tom Archer. People were wondering why Doug and Randy were choking on their orange juice.

Miramonte's Ski Club hit Heavenly for the weekend. Some of those enjoying the snow as well as rocks were Mary Baker, John Lackey, Paul McChesney, Wendy Minor, Land Dressler, Jeff Ellermeyer, Cindy Gravelle, Barb Bagley, John Cook, Paul Locklin, Mimi Loomis, Beth Sherperd and Wally Glosser.

OTHERS SKIING the slopes at either Heavenly, Edelweiss Squaw, and Alpine Meadows were Pat Canfield, Greg Peterson, Randy Peterson, and Nancy Gosch, Skip Spaich and Roger Howard, Tom Gaffaney, Ron Kay, Steve Williams, and Pete Parrish, Mike Tom, and Carol Gilmore (natch), Marc Jacobs and Jim Rose, Linnet Trefts and Steve Miller, Nancy Englehard and Brad Harlan.

Ann Waters was surprised with a Mexican dinner for her bithday by a half dozen friends Tuesday night before last. Those jumping out at her from behind living room chairs and underneath tables were Sandy Carlyle, Ann White, Donna Lisles, Ann Cunningham, Betty Tramberg, Eleanor Larsen and John Derix.

Saturday night an African dance sponsored by the Bobbies, Verios, and various other clubs, was held at the Brazilian Room in Tilden Park Some of those attending were Dick Guthrie and Sharon Campbell, Gary Wolf and Gail Kidd, Karen Voll and Ken White, Mike McGuire and Sheridan Stampley, Ann Moog and Dick Niemi, Judy Hopkins and Mike Rolley, Nandy Henry and Gary Holtwick, Richard Bedayn, Carol Troy, Ron Parks, and Jeanette Miller climbed up the Claremont firescape and ended up in the dining room after the dance, while John Reilley, Pam Pearson, Mike Smyth, and Sue Nattress sipped Hawaiian punch and danced in the ultra-atmospheric Tonga Room at the Fairmont.

BILL POWELL'S dinner party Saturday night entertained many Orinda teens. Among them were Hester Harris and Mickey Kazzar Samde Franco and Bonnie Kent, Roger McCosker and Cherri Romer, Darrel Courtwright and Georgia Glacy, Gayle Baker and Mario Albo, Charlie Ward and Mary, and Bill's date from Grass Valley.

Sunday night everyone stared into the sky anxiously awaiting THE END OF THE WORLD, which sadly to say never came. We must say though that it was quite exciting to watch that little black dot go across the face of the sun, even hough there weren't earthquakes and tidal waves.

By the way, if you received straight A's, as did Ken White, Kate Ellis, and Lance Chilton, bring your report card (frame and all) down to Edy's in Orinda for a FREE 5-pound box of candy, and sisters, this includes elementary schools, too, so you can mooch off your smart little brothers.

Don't forget to come to the Las Lomas game this afternoon and to the dance tonight in the cafeteria, and enjoy this l-o-n-g three-day weekend.

Toastmasters Get Together For an Evening

Members of Diablo Toastmasters took time off from their regular meeting last Thursday and visited Hamm's Brewery along with Concord Luncheon Toastmasters, Breakfast Toastmasters and the Larinda Toastmasters.

Paul Price of Diablo Toastmasters, speaking on the powers of the Internal Revenue Service, won first honors in the prepared speech portion of the evening's program.

Earl Goldman of Concord Luncheon Club, speaking on the lack of interest in local government, placed second.

John Phillips acted as toastmaster for this featured part of the program.

Other speakers placing close to the winners were Loyd Nass, Larinda Club, with his talk on the importance of time and Lloyd Reeves, Breakfast Club, who gave instructions on how to spur the old romance.

As an extra, Ray Lee of the Chinatown Club gave a humorous old-time snake medicine pitch.

The table topics, which are one minute extemporaneous speeches, was led by Howard Watanabe with the subject "Women" which was of interest to all.

Employees Back Civil Service

A reaffirmation of its faith and belief in the county civil service system was made recently by the Contra Costa County Employees Association, Local 1675, AFL-CIO.

Glenn Salyer, association president, said his group was the "motivating force" behind the passage of the county civil service ordinance.

He added, "Local 1675 opposes any attempt to restrict the civil service commission's functions to those of an advisory and appeals body, and further opposes any attempt to permit the appealing of the commission's decisions to the board of supervisors.

"The local board of directors is authorized to take such action as is necessary, including legal action, to oppose these attempts," said Salyer.

Audubon Society Sees Movies

The Mount Diablo Audubon Society met in Room 211, (Life Science Building) of Diablo Valley College, last night.

Mrs. Richard Beitzel of Concord showed color slides of "Indian Country" taken in Northern Arizona, in the Navajo and Hopi reservations, in Monument, in the colorful Canyon de Chelly, and in altitudes from 5000 to over 7000 feet.

The monthly field trip will be Sunday in the "Delta" region, including Terminus Island.

Views of white swans, sandhill cranes and geese may be seen.

State Effect On Local Gov't Is New Subject

The state's role in local government will be discussed next week by the League of Women Voters of Concord-Diablo Valley.

Mrs. L. S. Germain, chairman, said that several meetings will initiate a two-year study dealing with the ways constitutional and stautory laws affect the functioning of counties, cities, and special districts.

The differences between general law and charter type cities and counties, and the relative merits of the two types of local government will be investigated next week, she said.

The league has undertaken studies of local laws previously, but has not studied the effect of state laws on local administrations, said Mrs. Germain.

Members of her committee are: Mesdames William Ross, who will direct next week's discussions; Robert Brown, P. L. Small and George Ensmann.

The meetings will be held at 8 p.m., Tuesday at the home of Mrs. John Starkie, 49 Mariposa Way, Walnut Creek; 9:45 a.m., Wednesday, at the home of Mrs. Ridgway Smith, 3993 Happy Valley Road, Lafayette, and 1:30 p.m. Thursday, at the home of Mrs. Richard Shaller, 330 Sunset Drive, Concord.

Persons wishing to attend the meetings, which are open to all women of central Contra Costa County, may call Mrs. George Hearne or Mrs. Sam Harris.

Members will attend a State League Day Tuesday at Goodman's, in Jack London Square, Oakland, 10 to 2:30.

Casper Weinberger, San Francisco attorney, and past member of the State Assembly will address the leagues of Northern California on "Metropolitan Growth Problems—State or Local Responsibility."

Mrs. John C. Egan, the state league's legislative secretary in Sacramento, will disccuss legislation in which the league has an interest.

Mrs. F. Linden Naylor of Berkeley will speak about the master plan for mental health in California. Mrs. Max Thompson of Arcadia will speak about "Where We Stand" on educational issues.

Adoption Unit Man Speaks on Illegitimacy

Archie Hanlon, co-supervisor of the Adoption Unit, County Department of Social Services, spoke on "Illegitimacy—Its Impact on Adoptive Parents," Wednesday at a meeting of the Diablo Adoption Auxiliary.

Hostess was Mrs. Max Dupran of 334 Gilblas Road, Danville.

The auxiliary's legislative committee—Mesdames Edward Dunlop of Lafayette, Jack Lynch of Pleasant Hill, Marvin Lehman and David McClintic of Concord, presented a summary of group comments and discussion on current adoptive legislation proposals to be sent to the assembly interim committee on judiciary.

In its January meeting, the group met at the home of Mrs. Harold Paige in Lafayette, where a thorough discussion of these legislative issues was held.

The Diablo Adoption Auxiliary was formed in 1952, and is a volunteer service group of women in Contra Costa County.

The group's main function is to study, promote, and strengthen the program of the adoption unit through publicity on all phases of adoption.

Peace Group Forms Local Committee

The national effort "Turn Toward Peace," a joint cooperative venture of 27 church, labor, veterans, professional, and public affairs organizations, has formed a steering committee for activities in Contra Costa County.

Members are: Robert Grinstead, area coordinator; Jane Houser and Michael Wales, Walnut Creek; Andrew Baltzo, Concord, and Patricia Fearey, Orinda.

"A major purpose of 'Turn Toward Peace'," said Reverend Harry B. Scholefield of the San Francisco First Unitarian Church, "is to encourage discussion of a series of American initiatives, that is, acts not dependent on prior Communist agreement, which would be actual steps toward a disarmed world under law.

"The validity of our approach does not depend on an optimistic assessment of Communist intentions. It is based on a realistic appraisal of what policies in what contexts offer the best chance for peace and the survival of free societies," said Schoefield.

Beauty Fete Planned

The 1962 Miss Contra Costa County Beauty Pageant will be held May 12 for all girls 18 to 28 years old who are single and have been county residents for six months or who are attending college in the county.

Judging in three classifications, gowns, bathing suits and talent, will be held at the Walnut Creek Recreation Center, civic park, according to Jerry Stoller, committee chairman for the sponsoring Walnut Creek Junior Chamber of Commerce.

A $250 scholarship will be awarded to the county's 1962 queen, and scholarships will go to three runners-up.

THE CONTRA Costa queen will compete in the Miss California Pageant in Santa Cruz, June 23 to July 1.

The state competition is a preliminary to the famous Miss America Pageant, to be held Labor Day weekend in Atlantic City, New Jersey. This is one of the most famous pageant events in the United States.

Scholarships are offered on the state and national levels, said Stollar.

Girls may enter the local competition by calling, writing or visiting the Walnut Creek Area Chamber of Commerce, YE 4-2000, at 1359 Locust Street, Walnut Creek, addressing their letters to "Pageant Committee."

THEY WILL receive entry blanks in the mail. Soon, entry blanks will be available in all chamber offices in the county, Stollar said.

Residents may nominate girls by contacting the pageant committee of the Walnut Creek Junior Chamber.

Margie Hill of Antioch was the county's 1961 queen.

"The purpose of the pageant is to give the girls an opportunity to receive a higher education through the scholarships awarded on local, state and national levels," said Stollar.

"AND IT provides many girls with the opportunity to build successful careers," he added.

"The girls who enter will be contacted in March and will participate in the preliminary event during the week of April 16. The final event will include a regular show with entertainment, and the public will be invited," Stollar continued.

"We are also seeking sponsors who will help provide the local queen's gown and accessories. Those sponsors will be publically recognized for their help," said Stollar.

The Miss America Pageant was organized in 1921 in Atlantic City, and was called the Atlantic City Bathing Beauty Pageant, with emphasis on beauty alone.

THE PAGEANT was discontinued during the depression, 1928 to 1933, and resumed with the title, "Showman's Variety Jubilee."

The event gained the support of Atlantic City's society matrons, and a reputation as a dignified and well planned show, taking the itle "The Miss America Pageant" in 1940.

The pageant was reduced in scope during World War II, but in 1945 full recognition was given to the educational needs of young girls by the establishment of large scholarships.

The Miss America Pageant went on television in 1954 and attracts an enormous television audience each year, according to the Nielson ratings.

AMERICAN CANCER Society scientists at the Waldemar Medical Research Foundation in Port Washington, New York, have found that injury tends to speed the growth of experimental cancers in mice. Electrical shock has the opposite effect.

MTA Plans Memoriam to F. Freeman

A memoriam to the late Mr. Frederich Freeman will be given February 11, 2:30 p.m. at Stanley School in Lafayette by students of the Music Teachers' Association of Contra Costa County members.

A memorial scholarship has been established in honor of Mr. Freeman who gave unstintingly of his time, talent, and energy to many over the years of his fruitful life. The public is invited to attend and honor our late musician at this recital.

Teachers will meet February 14 at 10 a.m. at the Nut Bowl in Pleasant Hill for a panel discussion on the Baroque Period of music. Moderator will be Mrs. Mary Louis Lovell.

Drive carefully along our winding roads. Children walk and play there, and sometimes they are hard to see.

LEGAL NOTICE

RESOLUTION No. 1113

BEFORE THE GOVERNING BOARD OF THE ORINDA UNION SCHOOL DISTRICT OF CONTRA COSTA COUNTY, STATE OF CALIFORNIA.

Notice of Adoption of Resolution to Lease Real Property

NOTICE IS HEREBY GIVEN that a public meeting of the Governing Board of the Orinda Union School District will be held at the Pine Grove School, 12 Altarinda Road, Orinda, California, on February 19, 1962, at the hour of 7:30 o'clock p.m. of said day for the purpose of receiving and considering sealed proposals for the leasing of the real property described in the resolution hereinafter set forth.

NOTICE IS HEREBY FURTHER GIVEN that at a meeting of the Governing Board held on January 22, 1962, the following resolution was adopted by at least a four-fifths (4/5) vote of all of its members. The resolution above referred to is as follows:

WHEREAS, Orinda Union School District of Contra Costa County is the owner and in possession of facilities at the I. V. Intermediate School, 80 Ivy Drive, Orinda, California, and the Governing Board of the District believes it to be for the best interests of said District that the multi-purpose room, music room, two libraries and home arts room (excluding the appliances) be offered for lease upon the terms and conditions contained herein, and that said facilities are not now, and will not at the time of delivery of possession, be needed by the District during the period for which they are leased.

NOW THEREFORE BE IT RESOLVED that the Governing Board of the Orinda Union School District does hereby declare its intention to offer for lease for an indefinite period commencing on the date when the proposal of the highest and best bidder is accepted, on each Sunday, or portion thereof during the said indefinite period, the following facilities located in the I. V. Intermediate School, 80 Ivy Drive, Orinda, California:

1 multi-purpose room
1 music room
2 libraries
1 home arts room (excluding the appliances)

The lease with the successful bidder shall be terminable by either party upon the giving of ten days' written notice to the other.

BE IT FURTHER RESOLVED that the said facilities, the multi-purpose room, music room, two libraries and home arts room (excluding the appliances) shall be leased upon the following terms and conditions:

The minimum rental for any Sunday for the use of such facilities, the multi-purpose room, music room, two libraries, home arts room (excluding the appliances) is hereby fixed at the sum of Twenty-two Dollars ($22.00) for each three hours' use, or fraction thereof, additional time to be at the rate of Seven Dollars and twenty cents per hour, or fraction thereof, which includes the District's actual cost for all utilities, plus a minimum charge of Fourteen Dollars and sixty cents ($14.60), additional time to be at the rate of Three Dollars and sixty-five cents ($3.65) per hour, or fraction thereof, for the School District's custodial service, payable on the day following the use of the premises. The cost of all utilities and of the necessary custodial service will be paid by the District in the first instance and reimbursed to the District as part of the rental paid to the District by the successful bidder. The successful bidder shall not use the said facilities, multi-purpose room, music room, two libraries, home arts room (excluding the appliances) for commercial purposes. Bidders, in order to be considered, are required to use the School District's facilities for community recreation, community groups or religious bodies.

Reference is hereby made to Section 16061 of the Education Code. It provides for a call for oral bids before the final acceptance of written proposals. Each written proposal shall be sealed and delivered to the Governing Board at the District Administration Building, 8 Altarinda Road, Orinda, California, on or before February 19, 1962, at 7:30 o'clock p.m. Each proposal shall be plainly marked on the envelope containing it, "Proposal for Leasing Facilities, multi-purpose room, music room, two libraries, home arts room (excluding the appliances) at the I. V. Intermediate School." The lease with the successful bidder shall provide that either party to the lease may terminate the same during the term, or any continuation thereof, by the giving of ten (10) days' notice in writing to the other, whereupon the lease will be of no further effect after such notice period except for obligations incurred by either party prior to the final termination date.

BE IT FURTHER RESOLVED that this Governing Board will hold a public meeting on February 19, 1962, at the hour of 7:30 o'clock p.m. at the Pine Grove School, 12 Altarinda Road, Orinda, California, for the purpose of receiving sealed proposals and oral bids as aforesaid.

BE IT FURTHER RESOLVED that notice of the adoption of this resolution and of the time and place of said meeting be given by publishing the notice not less than once a week for three (3) successive weeks before the meeting in a newspaper of general circulation published in Contra Costa County, in which said District is located, and by posting copies of the resolution, signed by the Governing Board or by a majority thereof, in three (3) public places in the District not less than fifteen (15) day before the date of the meeting.

Glamour Girls Among Cut Flowers Are Glads

The glamour girls among cut flowers in California are the gladiolus. Not only in the beauty of their colorful spikes, but in the length of their growth-bloom period, they deserve the top rank among their competitors.

The nice thing about these florist favorites is that they are really among the easiest of plants to grow.

With few refinements, their culture consists of poking the bulbs in the ground, watering them and watching them grow. We'll consider the refinements in a minute, but first a word about the glad's long season.

Some of you may already have glads in the ground. Others will still be planting them into the first days of summer. The best approach is to start early and continue at intervals all during the first half of the year.

SUCH PRACTICE permits you to cut blooms through most of the second half—or nearly until it's time to start planting them all over again. The California Association of Nurserymen offers few flowers that provide such a continuous supply of cut flowers under normal growing conditions.

Now, about those cultural subtleties. First, the gladiolus likes neither extreme of a heavy, clay soil nor an excessively sandy one. Either type should be mixed with a goodly supply of humus material before planting the corms.

Manure is best if added early enough. When working the soil just before planting, however, use leaf mold, peat moss or compost.

SET THE corms about four inches deep in heavy soil and an inch or so deeper in light soils. Under the bulbs, but not in contact with them, sprinkle some bone meal which supplies food slowly through the growing season. And lastly, at planting time be sure the bulbs are on an even keel, lest they persist in growing at whatever angle the bulb is pointed.

Post-planting care consists of an occasional spraying for thrips after top growth has reached six inches. You can often get by without any worry along this line, but there's no sense in taking a chance.

You'll probably be spraying roses anyway, so just mix enough extra to handle the glads at the same time.

Drive carefully along our winding roads. Children walk and play there, and sometimes they are hard to see.

Complete Dormant Pruning Now

Prune roses now, if you haven't already.

Don't attempt to work up a seedbed for a new lawn if the ground is too wet. You'll wind up doing twice as much work.

Most dormant pruning should be completed in February. Shrubs and trees that flower in spring, however, should not be pruned until after bloom.

Soil improvement is a good winter job. Use manure, peat, leaf mold to lighten heavy soils, bulk up light ones.

Bareroot fruit trees should be planted now. Seek a nurseryman's advice about the best varieties for your garden and area.

Danville Police District Hearing Will Be March 6

A public hearing on the proposed formation of a police district for Danville will be held by the County Board of Supervisors, March 6.

A petition with 570 names favoring formation of the district was presented to the board Tuesday.

The campaign to collect the signatures was led by Mrs. William Deaton and 19 workers.

Nielsen said the new district will have his support.

The petitions ask for the hiring of an additional patrolman for the evening hours in the vicinity of San Ramon Valley

Estimated cost is about 27 cents per $100 assessed valuation.

The district could be voided by protests by 50 per cent of the registered voters or by protests by voters owning 50 per cent or more of the assessed valuation.

The district can be formed without an election, but an election is needed where there is a protest of more than 10 per cent of the voters.

Slow down on wet pavements, advises the National Automobile Club.
